The Metalinguistic Dimension In Instructed Second Language Learning:

The Metalinguistic Dimension in Instructed Second Language Learning Karen Roehr, Gabriela Adela Ganem-Gutierrez, 2013-09-05 Examines cutting edge research into the neglected metalinguistic dimension of second language acquisition

The Metalinguistic Dimension in Instructed Second Language Learning Karen Roehr, Gabriela Adela Ganem-Gutierrez, 2013-07-04 The metalinguistic dimension refers to the way in which learners bring to bear knowledge about language into their learning of a second language the L2 This book brings together new research on the metalinguistic dimension given its increasing importance in the study of L2 acquisition In applied linguistics it is widely accepted that L2 learners develop and use knowledge about language when engaging with the challenging task of acquiring a new language this applies to both children and adults It is definitions of the metalinguistic dimension that vary and findings regarding its role in L2 learning are not necessarily homogenous or compatible The scope exists for further empirical detailed research This book explores the nature development and role of the metalinguistic dimension and will be essential reading for all SLA scholars and those working in language and education

The Developmental Dimension in Instructed Second Language Learning Paul Malovrh, James F. Lee, 2013-03-28 This work identifies developmental stages in the acquisition of object pronouns by instructed second language learners of Spanish It examines learners ranging from beginner to advanced where the most advanced are themselves teachers of Spanish language courses Study abroad experience is also a variable in the data The book explores language production from a functionalist perspective examining form to function and function to form mappings It provides insights into related developments in production placement and processing of object pronouns Detailed analysis reveals that the most powerful predictor of performance across levels and within levels for each of these is the level of the learner Formal instruction and the study abroad experience is examined both the specific instruction on object pronouns and overall exposure to instruction

The Grammar Dimension in Instructed Second Language Learning Alessandro G. Benati, Cécile Laval, María Arche, 2013-12-19 One of the key issues in second language learning and teaching concerns the role and practice of grammar instruction Does it make a difference How do we teach grammar in the language classroom Is there an effective technique to teach grammar that is better than others While some linguists address these questions to develop a better understanding of how people acquire a grammar language acquisition scholars are in search of the most effective way to approach the teaching of grammar in the language classroom The individual chapters in this volume will explore a variety of approaches to grammar teaching and offer a list of principles and guidelines that those involved in language acquisition should consider to design and implement effective grammar tasks during their teaching It proposes that the key issue is not whether or not we should teach grammar but how we incorporate a teaching grammar component in our communicative language teaching practices

The Interactional Feedback Dimension in Instructed Second Language Learning Hossein Nassaji, 2015-03-12 This book examines current advances

in the role of interactional feedback in second language L2 teaching and learning Drawing on recent theory and research in both classroom and laboratory contexts the book explores a wide range of issues regarding interactional feedback and their relevance for both theory and practice including how interactional feedback is used processed and contributes to L2 acquisition This book will provide a useful resource for applied linguistics students and academics as well as language teachers and teacher educators who would like to gain insight into the role of interactional feedback and how it can be used as a means of integrating form and meaning in classroom contexts

Cots, 2017-11-06 The Routledge Handbook of Language Awareness is a comprehensive and informative overview of the broad field of language awareness It contains a collection of state of the art reviews of both established themes and new directions authored and edited by experts in the field The handbook is divided into three sections and reflects the engaging diversity of language awareness perspectives on language teaching and teachers language learning and learners and extending to additional areas of importance that are less directly concerned with language

instruction In their introductory chapter the editors provide valuable background to the language awareness field along with their summary of the chapters and issues covered A helpful section giving further reading suggestions for each of the chapters is included at the end of the book This volume is essential reading for graduate students and researchers working in the sphere of language awareness within applied linguistics sociolinguistics and across the wider spectrum of language and communication

Debating in Teaching and Learning English Ben Wilson, 2024-04-18 This book offers the first full length treatment of the topic of debating as a method of developing English Foreign Language EFL speaking inviting scholars and practitioners to reflect on the demands of the current age for moving forward educational practice While debating is a well known method of dialogic speaking and is widely practiced the extent to which it is integrated in adult TEFL has not been established and an understanding of its affordances for developing foreign language speaking is also limited This book fills the gap in the field of TESOL and applied linguistics on the affordances of debating as a form of dialogic speaking that can promote a holistic understanding and improvement of experience of education and indeed academic outcomes The two main themes that situate the work are those of dialogic speaking and affect at times referred to as humanistic positive psychology and social and emotional learning The book details the experiences of an adult EFL debate group in a private language school in the North of Italy It reports how the participants experience the pedagogy so as to offer insights into it as a form of teaching speaking in adult EFL as well as providing a practical framework with lesson plans and curriculum The affordances of debating emerge as being social cognitive educational and communicative and are discussed alongside the work of language teaching scholars Curran and Freire and more broadly within a Social Constructivist approach to education As such debating is discussed as being a holistic and dialogic form of pedagogy Particular attention to experience often affective is also found to be fundamental in planning and assessing educational outcomes for both teachers and learners

Teaching and Learning Second Language Pragmatics for Intercultural Understanding Troy McConachy, Anthony J. Liddicoat, 2021-11-29 This collection argues for the need to promote intercultural understanding as a clear goal for teaching and learning pragmatics in second and foreign language education The volume sees the learning of pragmatics as a challenging yet enriching process whereby the individual expands their capacity for understanding how meaning making processes influence social relationships and how assumptions about social relationships shape the interpretation and use of language in context This locates pragmatics within a humanistically oriented conception of learning where success is defined relative to the enrichment of human understanding and appreciation of difference The book argues that intercultural understanding is not an add on to language learning but central to the learner's ability to understand and construct meaning with individuals from diverse linguistic and cultural backgrounds Chapters analyse teachers and learners ways of making sense of pragmatics how their assumptions about social relationships impact their perceptions of language use and how reflection on pragmatic judgments opens up possibilities for developing intercultural understanding This book will be of

interest to students and scholars in intercultural communication language education and applied linguistics Teaching Pragmatics and Instructed Second Language Learning Nicola Halenko, 2020-12-10 This book explores second language pragmatic development with a specific focus on two areas classroom based pragmatic instruction in the study abroad context and using technology for developing and assessing pragmatic competence Teaching Pragmatics and Instructed Second Language Learning directly compares the effects of technology platforms and traditional paper based tasks within the second language environment for developing pragmatic competence These analyses are based on empirical research of how undergraduate Chinese learners of English receive explicit instruction in classrooms using different training materials The book makes an original and innovative contribution to collecting oral speech act data in the form of computer animated production tasks CAPT designed to enhance learner engagement and performance Using this tool it explores the beneficial role of technology in teaching and learning offering practitioners and researchers practical ways to maximise second language pragmatic development in the classroom *The Routledge Handbook of Sociocultural Theory and Second Language Development* James P.
