Scenes and Portraits Frederic Manning,2021-11-05 In *Scenes and Portraits* Frederic Manning presents a rich tapestry of character sketches and vignettes that illuminate the complexities of early 20th century life in England His prose both lyrical and incisive captures the essence of diverse social interactions blending realism with a touch of impressionistic detail The work operates within the broader context of modernist literature reflecting a keen observation of human behavior and

societal norms while enriching the reader's understanding of the psychological landscapes of its characters. Frederic Manning, an Australian-born writer and poet, spent much of his adult life in England, where his experiences as a soldier and a participant in the dynamic cultural milieu deeply informed his literary voice. His perspective as an outsider allowed him to explore themes of identity, belonging, and dislocation, weaving these elements seamlessly into the fabric of *Scenes and Portraits*. Manning's own struggles with the absurdities of war and the search for authentic expression resonate profoundly throughout the collection. I highly recommend *Scenes and Portraits* to readers seeking a profound exploration of character and society. Manning's eloquent prose invites contemplation and empathy, making it a crucial read for anyone interested in the evolution of narrative and the intricate dance of human relationships. In this enriched edition, we have carefully created added value for your reading experience. A succinct Introduction situates the work's timeless appeal and themes. The Synopsis outlines the central plot, highlighting key developments without spoiling critical twists. A detailed Historical Context immerses you in the era's events and influences that shaped the writing. A thorough Analysis dissects symbols, motifs, and character arcs to unearth underlying meanings. Reflection questions prompt you to engage personally with the work's messages, connecting them to modern life. Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance. The Cyclopædia, Or, Universal Dictionary of Arts, Sciences, and Literature Abraham Rees, 1819 **The Cyclopaedia; Or, an Universal Dictionary of Arts, Sciences, and Literature** Abraham Rees, 1819 **The Cyclopaedia** Abraham Rees, 1810 **The Cyclopædia; Or, Universal Dictionary of Arts, Sciences, and Literature. By Abraham Rees, ... with the Assistance of Eminent Professional Gentlemen. Illustrated with Numerous Engravings, by the Most Distinguished Artists. In Thirty-nine Volumes. Vol. 1 [- 39]**, 1819 *The Great War in the Middle East* Robert Johnson, James Kitchen, 2019-01-30. Traditionally, in general studies of the First World War, the Middle East is an arena of combat that has been portrayed in romanticised terms, in stark contrast to the mud, blood, and presumed futility of the Western Front. Battles fought in Egypt, Palestine, Mesopotamia, and Arabia offered a different narrative on the Great War, one in which the agency of individual figures was less neutered by heavy artillery. As with the historiography of the Western Front, which has been the focus of sustained inquiry since the mid-1960s, such assumptions about the Middle East have come under revision in the last two decades, a reflection of an emerging global turn in the history of the First World War. The sideshow theatres of the Great War—Africa, the Middle East, Eastern Europe, and the Pacific—have come under much greater scrutiny from historians. The fifteen chapters in this volume cover a broad range of perspectives on the First World War in the Middle East, from strategic planning issues wrestled with by statesmen through to the experience of religious communities trying to survive in war zones. The chapter authors look at their specific topics through a global lens, relating their areas of research to wider arguments on the history of the First World War. *On the War-path* Robin Gerster, Peter Pierce, 2004. This anthology

reveals the many ways in which going to war has formed a cultural bridge between Australia and the world From the Sudan in 1885 to Afghanistan in 2001 the connection of war to travel is illustrated in the observations of many writers
