Prophecy Howard Kreisel, 2012-12-06 More than any other topic prophecy represents the point at which the Divine meets the human the Absolute meets the relative How can a human being attain the Word of God In what manner does God when conceived as eternal and transcendent address corporeal transitory creatures What happens to God's divine Truth when it is beheld by minds limited in their power to apprehend and influenced by the intellectual currents of their time and place How were these issues viewed by the great Jewish philosophers of the past who took the divine communication and all it entails seriously while at the same time desired to understand it as much as humanly possible in the course of dealing with a myriad of other issues that occupied their attention This book offers an in depth study of prophecy in the thought of seven of the leading medieval Jewish philosophers R Saadiah Gaon R Judah Halevi Maimonides Gersonides R Hasdai Crescas R Joseph Albo and Baruch Spinoza It attempts to capture the original voice of these thinkers by looking at the intellectual milieus in which they developed their philosophies and by carefully analyzing their views in their textual contexts It also deals with the relation between the earlier approaches and the later ones Overall this book presents a significant model for narrating the history of an idea

A Prophet Like Moses

Jeffrey Stackert, 2014-07-01 Jeffrey Stackert addresses two of the oldest and most persistent problems in biblical studies the relationship between prophecy and law in the Hebrew Bible and the utility of the Documentary Hypothesis for understanding Israelite religion These topics have in many ways dominated pentateuchal studies and the investigation of Israelite religion since the nineteenth century culminating in Julius Wellhausen's influential Prolegomena to the History of Ancient Israel Setting his inquiry against this backdrop while drawing on and extending recent developments in pentateuchal theory Stackert tackles the subject through an investigation of the different presentations of Mosaic prophecy in the four Torah sources His book shows that these texts contain a rich and longstanding debate over prophecy its relation to law and its place in Israelite religion With this argument A Prophet Like Moses demonstrates a new role for the Documentary Hypothesis in discussions of Israelite religion It also provides an opportunity for critical reflection on the history of the field of biblical studies Stackert concludes with an argument for the importance of situating biblical studies and the study of ancient Israelite religion within the larger field of religious studies rather than treating them solely or even primarily as theological disciplines

in many varieties ecstatic worshipers inspired preachers social justice advocates and even political pundits Their messages vary accordingly The purpose of this book is to dig beneath the message to understand the how How do modern day prophets experience the prophetic impulse The phenomenological study at the core of this book answers that question directly by examining the experience of Canadian Pentecostals From there the experience of modern day prophets is compared with Old Testament prophets with special attention given to Jeremiah It turns out that prophets today share in the same experience as their Old Testament predecessors This book can benefit three audiences For the academy this work provides the first phenomenological study of prophecy in Canada For pastors reading this book will be an exercise in empathy placing you in the shoes of the prophets in your congregation helping you to understand what goes on when someone prophesies For everyday prophets this book will affirm your connection through Jesus to the Old Testament prophetic tradition enabling you to read those Old Testament books in a new experiential light Moses, the Master, and the Manchild Kelley Varner,2001

biblically based writings *Lumen Fidei Evangelii Gaudium Amoris Laetitia Laudato Si Gaudete et Exsultate* Letters and Messages have had any prophetic effects or impact on contemporary society **Imagery Techniques in Modern Jewish Mysticism** Daniel Reiser,2018-07-09 This book analyzes and describes the development and aspects of imagery techniques a primary mode of mystical experience in twentieth century Jewish mysticism These techniques in contrast to linguistic techniques in medieval Kabbalah and in contrast to early Hasidism have all the characteristics of a full screenplay a long and complicated plot woven together from many scenes a kind of a feature film Research on this development and nature of the imagery experience is carried out through comparison to similar developments in philosophy and psychology and is fruitfully contextualized within broader trends of western and eastern mysticism **Fulfilling the Law and the Prophets** Matthew Anslow,2022-07-18 Matthew s Gospel makes mention of prophets and prophecy more than any other canonical Gospel Yet its perspective on prophecy has generally been neglected within biblical scholarship when in fact Jesus prophetic vocation is a central christological theme for Matthew This new study by Matthew Anslow seeks to draw attention to this underdeveloped focus within Matthean studies The central claim of the book is that in Matthew s Gospel Jesus prophetic vocation is presented as a multi faceted phenomenon drawing on several prophetic traditions Like biblical and popular prophets before him Jesus is depicted by Matthew as calling Israel back to covenantal faithfulness thereby providing guidance for the identity theology and communal life of God s people *Thinking Biblically about Islam* Ida Glaser,Hannah Kay,2016-02-14 In this careful double exposition of the Bible and Islam Ida Glaser and Hannah Kay emphasise godly attitudes loving action and a deep appreciation of God s grace and goodness as essential traits of any Christian The authors walk the reader through two underlying frameworks necessary to think biblically about Islam The first is to understand the dynamic of religion in people s lives through Genesis 4 11 s account of the world after the fall and hence to understand Bible stories within the religious contexts in which they occurred The second is at the heart of the book the idea that Islam inverts the exaltation of Christ above the prophets in the narrative of the transfiguration in Luke 9 and 10 Examining the themes of the land zeal law and the cross in these chapters of Luke s Gospel and the Old Testament stories of Moses and Elijah we are led to better understand the Bible Islam and God s heart towards Muslims **Wellhausen and Kaufmann** Aly Elrefaei,2016-01-15 The controversy between Wellhausen and Kaufmann concerning the history of ancient Israel and the question of historical reconstruction has prompted this study While Wellhausen s hypothesis introduces a synthesis of the religious development of ancient Israel Kaufmann s work emphasizes the singularity of the Israelite religion Their respective works which represent the methodologies presuppositions and the ideologies of their times remain an impetus to further inquiry into the history of ancient Israel and its religion Both Wellhausen and Kaufmann applied the historical critical method but were divided as to its results They agree that the Old Testament Hebrew Bible is the primary source on which to base writing about the history of ancient Israel but differ concerning the authority of its text This book illustrates the real clash between Wellhausen and

Kaufmann with the aim of providing some basis for reaching a middle ground between these two poles As becomes clear in this study Wellhausen reconstructed the religion of Israel in the framework of its history Kaufmann by contrast proposed that monotheism emerged in Israel as a new creation of the spirit of Israel

Is Paul also among the Prophets? Jeffrey W. Aernie, 2012-05-03 Aernie examines the prophetic material in the Old Testament and its relationship with the prophetic material in Second Temple Judaism Hellenism and the early Christian movement The subsequent analysis of 1 Corinthians constitutes an investigation of the effect of the Old Testament prophetic tradition on Paul s self presentation

in 1 Cor 9 15 18 and rhetorical framework in 1 Cor 14 20 25 as a methodological foundation for the exegetical analysis of 2 Corinthians Aernie explores the influence of the Old Testament prophetic tradition on Paul s apostolic self presentation and rhetoric in 2 Corinthians The analysis of Paul s self presentation examines the apostle s relationship with Moses the Isaianic servant and Jeremiah in order to define Paul s position with regard to the preceding prophetic tradition Aernie analyses Paul s argument in 2 Cor 2 14 16 4 1 6 6 14 7 1 12 1 10 then seeks to examine the influence of the Old Testament prophetic tradition on the formation of Paul s rhetorical framework Aernie s intention is to provide support for the notion that the particularly prophetic nature of Paul s apostolic persona affects both his self presentation and rhetorical agenda in 2 Corinthians
