The Inside Job Jackson Pearce, 2016-07-12 This sequel to *The Doublecross* delivers another hilarious action packed superspy adventure featuring a rag tag group of spies and an underdog protagonist to root for Hale who turned double agent against the corrupt spy organization he was raised in. He knows his super spy parents can't come home until the Sub Rosa Society is neutralized and that he and his friends are all that's standing between SRS and their worldwide crimes. So Hale wants to hit the bad guys where it hurts their bank account. Hale and his allies all travel to Switzerland and discover that this won't be a smash and grab job like they expected. SRS doesn't have any actual money that can be taken; it's all hidden in secret digital accounts. Oh, and some super heavy gold bars. To take them down, Hale's crew will have to undo SRS's crimes and get to the inside man at the bank all while artfully evading SRS's notice. There's plenty of action, a big fluffy show dog, a nefarious clown, and as readers expect from this series, all kinds of comedic high stakes adventure.

The Goblin's Secrets Goblin Sachs, 2019-08-18 In order to succeed in *World of Warcraft Classic* you will need a lot of gold. In addition to the thousands of gold you will spend on your spells, mounts, gear, enchantments, and respecs, you will also need to consistently purchase large quantities of consumables and utility items to stay competitive in serious raiding and PvP. Without enough gold, you will always be outclassed by players who do have enough. However, accumulating gold is very difficult in *World of Warcraft*. By the time *The Burning Crusade* was about to launch, *World of Warcraft* (WoW) had 8 million active subscribers with likely millions more accounts that were created but stopped subscribing at some point. Out of the millions of players who played the game, there was not a single recorded instance of someone hitting the gold cap, 215,000 gold, on one character. This means it is more common for someone to be a billionaire in America (about 1 out of 600,000) than it is for someone to have 215,000 gold. This is why I have compiled the most comprehensive, optimal, and practical guide on gold making in *World of Warcraft Classic*. I played the original WoW through *Wrath of the Lich King* with a Hunter main and Druid alt and have played on 3 different vanilla WoW private servers where I have over 25 level 60 characters and amassed hundreds of thousands of gold among them. My love of the game evolved past raiding and PvPing, and I became consumed by the economic PvP competing against other goblins to earn more gold. With WoW Classic's release, I am happy to finally share everything I have learned about making gold. This book will cover the most optimal and practical strategies for gold making while discarding the less optimal ones that are often repeated in popular guides. This book will also include resources such as a full list of level appropriate mobs to grind while leveling, a full list of the most lucrative twink items in the level 19 and 29 brackets, a full list of the most lucrative BoE limited supply vendors to camp, a step by step action plan for the launch of Classic WoW, and much, much more.

On the Job Margo DeMello, 2021-01-13 This one volume encyclopedia examines jobs and occupations from around the world that are unique and out of the ordinary, from bike fishermen in the Netherlands and professional wedding guests in South Korea to elephant dressers in India. It's not surprising that the first question we are asked by strangers often has to do with what we do for a living. It's another way of asking, "Who are you and what are you

about But what happens when the answer to that question is I am a gondolier or I am an Instagram influencer This book answers that question focusing on approximately 100 unusual occupations around the world Arranged alphabetically entries define the jobs and detail their historical social and cultural significance Entries also examine where the job is located how it came to be how people get into the position and what the economic and future outlook is for that job While the entries focus on contemporary jobs the encyclopedia also includes sidebars that highlight unique jobs from history to give the reader a sense of how unusual and often terrible some jobs once were Students will find this book useful in looking at cultures around the world
