

ANNUAL REPORT - 2015

1.0 - INFORMATION

The Department of Education and Child Development (DECD) requires sites to prepare an Annual Report for presentation to their community and the education system. This report highlights progress and achievements and provides a summary of planned improvement processes and future directions. A summary is also included of activities and special events. This 2015 Annual Report also provides the school community with information and data related to our achievements and our identified directions and priorities for 2016. Initial recommendations for 2016, detailed in this report are a key feature. In Term 1 2016, all stakeholders involved with aspects of governance will review the information in this report. We will develop and communicate what we plan to achieve during the 2016 school year.

1.1 - CONTEXT

Greenwith Primary School opened in 1994 with an enrolment of 67 students in a newly developed subdivision which was part of the Golden Grove Development. Over the past 22 years the school has grown considerably catering for students within Greenwith and surrounding communities. The school has developed a strong reputation in the area as an educational institution focused on quality teaching and learning. To manage enrolment pressure a zone was approved and has been in place for many years.

The school is co-located with Our Lady of Hope Catholic School. Although many schools are co-located our arrangement is quite unique, as the two schools share a number of facilities including the Administration building; Teachers' Preparation area; Staffroom; Kitchen; Canteen; Resource Centre; Community Centre (hall); tennis courts and an oval. Both schools share the play round areas at recess and lunch times.

Greenwith Kindergarten is located adjacent to the school. The links between the school and the kindergarten are highly valued as is the strong relationship with Golden Grove High School, where the majority of Year 7 students continue their education. We work closely with the other local schools as part of the Golden Way Partnership.

1.2 - INTRODUCTION

In 2015 Greenwith Primary School experienced a year of significant progress as the school and community worked together in striving to meet the needs of our students and their families. The data we collect showed improvement in a number of aspects of key learning areas as well as maintaining stable attendance, enrolment and on task behaviour results. We are aware of our challenges and opportunities for further development. We are committed to making a difference.

We started the school year with an enrolment of 673 students working in 24 classes. Although we are a large R-7 school, we pride ourselves on ensuring every student is treated as an individual. Every student's learning, attendance and social development is closely monitored by class teachers and the line manager of each subschool.

I would like to thank the staff, students and parents who have worked relentlessly throughout 2015 in making our school a quality learning institution and a proud member of the South Australian public school system. Greenwith Primary School is a wonderful place to work and learn. I have been privileged to lead the school for the last 8 years and look forward to 2016 with optimism and enthusiasm. We have significant plans in place to make our school more connected, responsive and committed to our improvement agenda.
