academic writing *Teaching and Learning Argumentative Writing in High School English Language Arts Classrooms* George E. Newell, David Bloome, Alan Hirvela, 2015-06-05 Focused on the teaching and learning argumentative writing in grades 9-12, this important contribution to literacy education research and classroom practice offers a new perspective: a set of principled practices and case studies of excellent teaching. The case studies illustrate teaching and learning argumentative writing as the construction of knowledge and new understandings about experiences, ideas, and texts. Six themes key to teaching argumentative writing as a thoughtful, multi-leveled practice for deep learning and expression are presented: teaching and learning argumentative writing as social practice; teachers' epistemological beliefs about argumentative writing; variations in instructional chains; instructional conversations in support of argumentative writing as deep learning; and appreciation of multiple perspectives. Contextualized analysis of argumentative writing and the teaching and learning of argumentative writing and the construction of rationalities *Writing Effective Course Assignments* Elia Shabani Mligo, 2017-05-11 Non-degree and undergraduate students are both inexperienced essay writers who need close guidance to become effective writers. One of the puzzles which they encounter at the college and university after reporting for studies is the course assignments offered to them by their lecturers which demand them to be critical thinkers and argumentative essay writers. In most colleges and universities, lecturers provide to students broad questions to answer in the form of essays, either in group or individual assignments. How should they turn the broad assignment questions provided to them by their lecturers into specific researchable topics for essays? How should they handle literature in order to obtain valuable information to answer the provided question? How should they construct an informed and convincing argument using the collected information as evidence? This book concerns these and other related questions. With its clear illustrations, the book is designed to be a self-study guide and to offer solutions to many struggling students in colleges and universities. At the same time, the book can be helpful for lecturers to instruct their students how to write effective course assignments in their respective courses **Writing the Research Paper** Philip M. McCarthy, Khawlah Ahmed, 2021-12-30 Covering both theoretical and practical approaches, *Writing the Research Paper* guides students studying in English as a second or additional language through the skills necessary for success in university-level writing and research.
