In! College Admissions and Beyond: The Experts' Proven Strategy for Success Lillian Luterman,Jennifer Bloom,2011-07-05 An award winning step by step guide to college admissions that helps students through every aspect of the application process and gives them a proven approach to make their application stand out from the rest Two expert college admissions consultants a mother daughter team share their step by step proven strategy for creating an application that stands out and gets you IN College admissions has never been more stressful Not only is admission ruthlessly competitive with more and more qualified students applying each year but the application process has become more confusing than ever before Most parents and students feel anxious overwhelmed and confused by the choices and trade offs In is based on the authors 20 years of experience working privately on boarding college and graduate school admissions with students from all over the world While there is no shortage of college admissions guidebooks on the market In offers students and their parents a crucial element that none of the others do a clear step by step strategy that helps students not only compete

academically with other qualified applicants but also develop a defining interest in incremental attainable steps that distinguishes them from their peers and gives them an edge with college admissions officers This strategy is summed up in a four word phrase be alike but spike This means that the applicant must perform on par with other students applying to similar colleges while also working to stand out from the pack like a spike on a graph in one area Ironically it s often the well rounded student an ideal many applicants strive for who gets rejected In shows students how to create that distinction by identifying and layering their passion showcasing their interest in many different ways and circumstances Enlivened with instructive case studies as well as entertaining New Yorker cartoons this book carefully guides students through the application process showing them how to rise to the top of an applicant pool of thousands And unlike most books about getting in In s lessons do not end at college acceptance Rather than viewing college admissions as a hurdle to be quickly and painlessly cleared mother daughter team Luterman and Bloom present it as an opportunity for students to mature expand their horizons and discover what makes them tick Not only does this book get you in it gives teenagers the tools and confidence they ll need for future success Be Alike How to optimize your GPA standardized tests extracurricular activities and more Spike How to develop a unique area of distinction that makes you stand out from your peers How to create a winning college application including personal essays activity chart letters of recommendation and more How to choose the right college for YOU and how to prepare to attend and afford your top choice school

Exploring Multimodal Composition and Digital Writing Ferdig, Richard E.,Pytash, Kristine E.,2013-07-31 While traditional writing is typically understood as a language based on the combination of words phrases and sentences to communicate meaning modern technologies have led educators to reevaluate the notion that writing is restricted to this definition Exploring Multimodal Composition and Digital Writing investigates the use of digital technologies to create multi media documents that utilize video audio and web based elements to further written communication beyond what can be accomplished by words alone Educators scholars researchers and professionals will use this critical resource to explore theoretical and empirical developments in the creation of digital and multimodal documents throughout the education system

Transnational Writing Program Administration David S. Martins,2015-03-15 While local conditions remain at the forefront of writing program administration transnational activities are slowly and thoroughly shifting the questions we ask about writing curricula the space and place in which writing happens and the cultural and linguistic issues at the heart of the relationships forged in literacy work Transnational Writing Program Administration challenges taken for granted assumptions regarding program identity curriculum and pedagogical effectiveness logistics and quality assurance faculty and student demographics innovative partnerships and research and the infrastructure needed to support writing instruction in higher education Well known scholars and new voices in the field extend the theoretical underpinnings of writing program administration to consider programs activities and institutions involving students and faculty from two or more countries working together and

highlight the situated practices of such efforts The collection brings translingual graduate students at the forefront of writing studies together with established administrators teachers and researchers and intends to enrich the efforts of WPAs by examining the practices and theories that impact our ability to conceive of writing program administration as transnational This collection will enable writing program administrators to take the emerging locations of writing instruction seriously to address the role of language difference in writing and to engage critically with the key notions and approaches to writing program administration that reveal its transnationality **Resources in Education** ,2000-10 *Hearings* United States.
