

PROJECT LESSONS-LEARNED REPORT

Total length of report: 25 pages.

Please refer to the [Deliverable Description](#) for more information on the purpose and use of this report

Project Title:	Governance and Public Administration Programme Sekong- Citizen's Information Programme through: Community radio, Speakerphone, Information Board, Village Statistic and Quarterly news magazine
Country:	Sekong Province, Lao People's Democratic Republic
Related CPAP Outcome	The UNDP Country Programme Action Plan (CPAP) for the Lao People's Democratic Republic (PDR) 2007-2011 reflects the development priorities set forth in the country's sixth National Socio-Economic Strategy Plan (NSED) that has incorporated the National Growth and Poverty Eradication Strategy (NGPES), as well as the Millennium Development Goals (MGD's). The CPAP has 9 outcomes which are associated with 3 higher-level United Nations Development Assistance Framework (UNDAF) (2007-2011) outcomes. One of the UNDAF outcomes is outcome number 3: <i>By 2011, strengthen capacities of public and private institutions to fulfil their duties and greater people's participation in governance and advocacy for promotion of human rights in conformity with the Millennium Declaration.</i> Under this UNDAF outcome, the GPAR programme had contributed to the achievement of the CPAP outcome number 8: <i>Increased efficiency, effectiveness, transparency, and accountability of public administration both central and local levels.</i> The inclusion of Sekong province as the new member of UNDP GPAR supported projects started last April 2007 and will end on March 2011. The intended outcome of GPAR Sekong is to reduce poverty by <i>"Improving Access to Public Services for the Multi-Ethnic People"</i>. One of its outputs is to <i>improve planning and coordination capacity at district level</i>, under this output, the United Nations Volunteer programme supported the Citizen's Information Programme which intended to <i>increase citizen's access to public information and development communications in ethnic languages</i>.
Project Description and Key Lessons-Learned	
Brief description of context	Sekong is one of the smallest provinces in Lao PDR, created in 1984 from villages of the two provinces of Attapeu and Saravane. The province has four districts namely: Kaluam, Dakchueng, Lamam and Thateng. Two of the four districts, Kaluam and Dakcheung belong to the 72 poorest districts in the country. Its population of 98,48, 50,178 are female is composed of 14 of the country's 49 recognized ethnic groups of which the largest are Katu and Tarieng (Talieng), with Taoi and others following suit. Lao Loum (lowland Lao) is a minority between 3%- 10%. Most ethnic groups live in remote forest areas in the east of the province have their own dialects and practice their own cultural and religious activities. Their access to services is limited due to lack of means and inability to communicate in Lao language.
