Salt Mines Allyn C. Ryan, 2001-12-12 The success of the Apollo program in the 1960s was the first step in our manned attempts at conquering space Salt Mines revisits aerospace history that never was and explores the plausibility of interplanetary space travel the confrontations between management and the union and the effects of downsizing on the sudden emergence of violence in the workplace Colorful characters who work in the salt mines add threads of complexity laughter and pathos to the story There is Chuck Gibson an avowed union man who likes nothing better than to hear Minerva Aerospace Corporation MAC's top executives get a roasting And yes the prima donna of Mahogany Row Dr Rick Davis although rather eccentric is someone to be reckoned with Then there is Jiggs Tanaka the Hermes coordinator who never gets the respect he deserves from his subordinates despite his prudence and sensitivity to people issues On the other hand Andy Stahl the demoted Orion coordinator who drives around naked in a van is uproariously funny mouthing cryptic utterances from Tennyson's Morte d'Arthur and Shakespeare's The Merchant of Venice Not to be forgotten is Will Hardy the super dipper whose speech Uncle Sam's Cabin has made him the darling of Wall Street And of course Nina Hill the only woman technical writer Her penchant for enticing top corporate executives precipitates a murder Finally there is Derek Lambert the protagonist Most of the story unfolds from Derek's point of view in an episodic narrative of events that reflect the intriguing and dynamic world of the aerospace industry at its height in the 1980s Intertwined with the events is Derek Lambert's recurring nightmare of a past he wants desperately to forget Although he dearly loves his wife Jenny DuBois he can't bring himself to forgive her for walking out on him during their honeymoon In the pressure laden environment at MAC Derek manages to remain neutral in the day to day conflicts between management and the employees although his life is inextricably committed to the Hermes program The Hermes is to be the first manned space capsule to go on a grand tour of the solar system in 1982 This tour coincides with the alignment of the planets a heavenly phenomenon occurring only once in 179 years Working at the salt mines might have been a perfect haven for Derek had it not been for the visit of his mother Since his emotional and psychological problems stem from a strong attachment to his mother her arrival rekindles the old guilt feelings that have dogged him for years As if by coincidence everything takes a downturn at the salt mines In a period of five months MAC totters on the brink of financial collapse Lawsuits Intrigues Tension related deaths Strikes Layoffs Murder The effect is devastating To escape being drawn into the morass of the salt mines syndrome Derek turns to Cindy Li a beautiful Chinese stewardess Derek resists the idea of a relationship at first but Cindy will do anything to achieve her goal As
