Clinical Guide to Effective Psychological Assessment and Report Writing Rosemary Flanagan, 2024-09-17 The book examines the preparation and presentation of psychological data reports for various stakeholders e.g. teachers, parents, caregivers. It details strategies for clear and effective prose and visuals that reach beyond the narrative and emphasize data integration. Chapters are organized around specific themes contained in the overall report and its sections e.g. cognitive achievement, social, emotional, personality, as well as the process of data reporting, its description, and eventual communication to consumers.
