How to Write a Great Story Kelly Gaffney,2016-08-25 Do you like to read great stories Would you like to write one Learn all about writing a great story A Handbook on Story Writing Blanche Colton Williams,2015-06-13 Excerpt from A Handbook on Story Writing When in 1910 I undertook the teaching of the short story to a class of undergraduates at Hunter College I found a dearth of books on the theory of story writing There were Poe s examples and his body of criticism from which help might be deduced there was the pioneer Philosophy of Professor Matthews and there were two or three texts whose chief value lay in their exposition of the genre After no great length of time a growing suspicion asserted itself that although my students could write unusually well frequently with suggestion of charm and power yet they were not always writing stories They fell short of modern narrative requirement As first aid they needed some formulation of the laws of structure By a frankly academic and deductive process that is to say by study of the classic stories and the best current examples I found obvious underlying principles so obvious my first reaction was that nobody had written them down because of their obviousness But I gave them to my students with happy results in improvement of manuscripts The writers learned to direct their energies with a diminution of diffuseness to the accomplishment of stronger stories About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book
