During weekends, we usually spend our days in the family. We always go to church. We helped each other in our activities. My family was a happy and loving family. I had a happy childhood living with my parents and my siblings. I completed my elementary education at Don Carlos V. Benitez Elementary School. During my junior high school, I completed my junior high school at President Corazon Aquino National High School and I usually spend my time with my friends. Since the lockdown, I have a daily routine with my friend for a Google meet until dawn, and we do various things when we do, such as talk about what is going on in our lives and watch movies that have been shown several times. We have been watched pitch perfect all seasons. I finished it several times. When I am not with them, I watch shows like Mr. Queen and Ghost Doctor. And I am a senior at Pasay City South High School, I work hard on everything I can to get into a good university where I can attend college.

Writing An Educational Autobiography:

Writing an Educational Autobiography as a Way to Become a Reflective Teacher Isti Rokhiyah, 2015 This dissertation presents my educational autobiography the result of my reflection on experiences during my school life my teaching life and my life as a mother to reveal who I am personally and professionally in my journey to become a reflective teacher a teacher who takes her students wellbeing into her mind in the everyday life of classrooms and schools In order to write my stories I searched incidences that related to my experiences with learning and teaching and making sense of them Through the process of framing and reframing my experiences I gained a better understanding of my journey as an educator and became capable of articulating my experiences along this journey My broad goal in this thesis is to improve the quality of teacher education at Universitas Terbuka UT through broadening the notion of reflection in its curriculum As writing autobiography is one of the pathways to becoming a reflective teacher I would like to experience the process of writing autobiography before I introduce the idea to student teachers I would like to experience the dark the disoriented the dreadful feeling and the brightness of writing autobiography narratively Writing my autobiography not only helped me to excavate my old lives and make meaning out of them revealing my self but also to realise the importance of learning from my experience Professionally writing my autobiography helped to overcome my fear of writing The process of making meaning of incidents was strengthened by my understanding of concepts and theories that could be used to illuminate them I gained new knowledge because writing my autobiography encouraged me to search for related literatures that helped me understand my experiences From my experience of writing my autobiography and synthesizing theories and practices of reflection in teacher education I propose ideas to improve UT s teacher education by strengthening the notion of reflection in its curriculum
