Writing that Works Walter E. Oliu, Charles T. Brusaw, Gerald J. Alred, 2013 **A Guide to Biblical Commentaries and Reference Works, 11th Edition** John F. Evans, 2025-01-21 A Guide to Biblical Commentaries and Reference Works 11th Edition by John F Evans summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible giving insightful comments on the approach of each commentary and its usefulness for biblical interpretation The easy to use book provides analysis in canonical order and includes helpful appendices for compiling a personal research library A Guide to Biblical Commentaries and Reference Works 11th Edition is a key reference tool for any student of the Bible pastors laity and scholars alike *Socialist Joy in the Writing of Langston Hughes* Jonathan Scott, 2006 Explores Hughes s intellectual method and its relation to social activism Examines his involvement with socialist movements of the 1920s and 1930s and contends that the goal of overthrowing white oppression produced a socialist joy expressed repeatedly in his later work in spite of the anticommunist crusades of the cold war Provided by publisher **Early Modern Women's Writing and the Future of Literary History** Lara Dodds, Michelle M. Dowd, 2025-02-03 Early Modern Women s Writing and the Future of Literary History demonstrates that a full accounting of early modern women s literary and creative activities is necessary to the future of literary studies writ large Despite benefiting from a rich body of scholarship and diverse critical practices early modern women s writing is still treated as an optional or secondary component of Renaissance literary studies as a whole In this book Dodds and Dowd offer a state of the field assessment of the critical and theoretical debates that have resulted in this state of affairs in order to advance specific visions for the future Dodds and Dowd examine how perennial questions about authorship canon and literary value have historically influenced scholarship on early modern women s writing and its place within literary studies Early modern women s writing has been perceived as belated out of sync with dominant critical trends Dodds and Dowd show the belatedness of early modern women s writing to be a happy accident that positions women s writing as a resource for the renewal of literary history In both the classroom and in scholarship early modern women s writing shows the way forward for the field whether in the revitalization of formalist approaches to literature through an alliance with feminism or in the integration of newer critical methodologies such as premodern critical race studies This book demonstrates that a feminist literary history that places women s writing at its center is essential to the future of English Renaissance literary studies There is in other words no history of English Renaissance literature without women writers *The Broadview Pocket Guide to Writing, third edition* Doug Babington, Don LePan, 2009-07-30 The Broadview Pocket Guide to Writing is a concise volume presenting essential material from the fourth edition of the full Broadview Guide to Writing Included are summaries of key grammatical points and a reference guide to basic grammar a glossary of usage tips on writing style a guide to bias free writing coverage of punctuation and writing mechanics helpful advice on Internet research and much more For the third edition the section on citation and documentation in four commonly

The Palgrave Handbook of Early Modern Literature and Science Howard Marchitello, Evelyn Tribble, 2017-02-27 This book is about the complex ways in which science and literature are mutually informing and mutually sustaining It does not cast the literary and the scientific as distinct but rather as productively in distinct cultural practices for the two dozen new essays collected here the presiding concern is no longer to ask how literary writers react to scientific writers but rather to study how literary and scientific practices are imbricated These specially commissioned essays from top scholars in the area range across vast territories and produce seemingly unlikely unions between physics and rhetoric math and Milton Boyle and the Bible plague and plays among many others In these essays so called scientific writing turns out to traffic in metaphor wit imagination and playfulness normally associated with literature provides material forms and rhetorical strategies for thinking physics mathematics archeology and medicine

Curiosity and the Aesthetics of Travel-Writing, 1770-1840 Nigel Leask, 2002-01-10 The decades between

1770 and 1840 are rich in exotic accounts of the ruin strewn landscapes of Ethiopia Egypt India and Mexico Yet it is a field which has been neglected by scholars and which unjustifiably remains outside the literary canon In this pioneering book Nigel Leask studies the Romantic obsession with these antique lands drawing generously on a wide range of eighteenth and nineteenth century travel books as well as on recent scholarship in literature history geography and anthropology Viewing the texts primarily as literary works rather than transparent adventure stories or documentary sources he sets out to challenge the tendency in modern academic work to overemphasize the authoritative character of colonial discourse Instead he addresses the relationship between narrative aesthetics and colonialism through the unstable discourse of antiquarianism exploring the effects of problems of creditworthiness and the nebulous epistemological claims of curiosity a leitmotif of the accounts studied here on the contemporary status of travel writing Attentive to the often divergent idioms of elite and popular exoticism Curiosity and the Aesthetics of Travel Writing plots the transformation of the travelogue through the period as the baroque particularism of curiosity was challenged by picturesque aesthetics systematic geographical narrative and the emergence of a transcendental self axiomatic to Romantic culture In so doing it offers an important reformulation of the relations between literature aesthetics and empire in the late Enlightenment and Romantic periods
