

Performance Plus for the HKDSE — *Paper 1 Reading and Paper 2 Writing [5]* is designed to help students prepare for the Hong Kong Diploma of Secondary Education (HKDSE) Examination.

Paper 1 Reading

- ★ A comprehensive 'Introduction' and 'Frequently Asked Questions' about the reading examination
- ★ **3 Teaching Modules** — introduce core reading skills and strategies
- ★ 'Skill Focus' — helps students develop important reading skills
- ★ 'Focus on Question Types' — includes a detailed analysis of the common question types tested in the reading examination
- ★ 'Answering Technique' — helps students understand the techniques required to answer each type of question
- ★ 'HKDSE Tip' — gives students further information on marking and scoring, and also alerts them to common mistakes made by past candidates
- ★ 'Further Practice' — provides students with opportunities to practise the skills learnt with the help of a question analysis
- ★ **Exam Module** — summarises a series of question types that are proved to be challenging to most candidates
- ★ **3 Test Papers** — modelled on the latest examination format and consists of Part A, Part B1 and Part B2
- ★ **3 Mock Examinations** — full papers that are modelled on the format of the HKDSE Examination
- ★ **Reading Passages** — authentic newspaper articles of various lengths and from various sources
- ★ **Appendices** — give useful and supplementary information

Paper 2 Writing

- ★ A comprehensive 'Introduction' and 'Frequently Asked Questions' about the writing examination
- ★ **3 Teaching Modules** — introduce core writing skills and strategies
- ★ 'Task Analysis' — explains general and specific task requirements, text type, target audience, and correct format and language
- ★ 'Language Focus' — helps students understand the tone, language, format and style of different genres of writing
- ★ 'Exam Practice' — provides students with opportunities to practise the text types learnt
- ★ **Exam Module** — familiarises students with the assessment criteria of the examination
- ★ **3 Test Papers and 3 Mock Examinations** — offer additional practice materials with writing plans, writing ideas, and useful words and phrases
- ★ **Appendices** — give useful and supplementary information

Teaching Package (for teachers only)

- Teacher's Handbook
- Answer Checking CD
- Online Resources
- Test Bank

Writing The Pilot English Edition

Kyuchul Yoon, Ph.D. & Professor, 2022-09-01 Praat scripting is like cooking This book deals with everything about Praat The author however does not know everything about it The more you know the more you see as the old saying goes I wrote it to the best of my knowledge During the long years with Praat I've written many scripts and given many talks and presentations I collected them all here in this book I'd be very happy if researchers from a variety of majors could get help Any errors or mistakes are mine so please let me know This book is just a beginning A lot of room for improvement I admit Since I didn't write it at one sitting it could be more organized and focused Let me know via my contact so that I can supplement this book Writing about Praat and scripts I felt that scripting is like cooking a luxury cuisine Input files are like good ingredients variables and objects are like containers such as dishes and plates functions and operators are like cooking utensils cooking is like running script commands and finished cuisine is like output files It could be difficult and boring to beginners but I tried to be as easy and fun as possible It's a thick book but reading from time to time you could become a scripting expert in no time and feel the joy just like finishing a delicious cuisine I hope that what's in this book would satisfy advanced learners as well as beginners For beginners I tried to introduce basic techniques of making a recording and doing analyses and resynthesis e.g. manipulating pitch and durations For advanced learners I tried my best to introduce the basics and advanced topics of Praat scripting with real scripts from my own papers and works and to explain how scripting can help you with your various linguistic works Lastly I introduce how you can extract various linguistic information from speech corpora e.g. the Buckeye corpus and Seoul corpus using Praat and scripting Particularly I open to the public the scripts I used to build the Seoul corpus which I hope will help you understand that scripting can help you work with a speech corpus This book is for people who know the least about computers such as launching an installed application and handling files in their computer Don't worry however you're not good at computers I tried to be as kind as possible as if I'm dealing with beginners Most operating systems are largely divided into Windows and Macs I wrote this book on my MacOS machine but I also added descriptions for Windows systems Also I assume that readers have the basic knowledge on phonetics e.g. a sound file being displayed on a spectrogram as well as on a waveform display For professional knowledge consult books on phonetics

Nonetheless I use some professional terms necessary for our readers to perform tasks related to phonetics and linguistics in general The book is organized as three parts Part A Praat Basics teaches you the basics of Praat and scripts Part B Praat Advanced encourages you to start writing scripts based on what you learned earlier with sample and real scripts Part C Praat for Corpus has two areas Area 1 introduces the Buckeye corpus and Area 2 the Seoul corpus You learn that Praat and scripts can be useful in your research with speech corpora So much for the official stuff Now what I d really liked to say to readers Software such as Praat may be easy for engineering students or people familiar with computers Those of you who know one or two programming languages may think Praat scripting is a piece of cake A couple of days or weeks later you d write basic and advanced scripts A couple of months you could lead a big project like building a speech corpus However this book is not for those computer experts Rather the book is for those not familiar with computers and afraid of coding or scripting If you think Is scripting worth my precious time I would rather ask some Praat expert I know to do this job for me I give up this topic Let s find another topic this book is for you I told some of my friends that I would some day write this book so that ordinary people could write a basic script After reading this book and if you still cannot write a simple script it means my book is not doing what it s meant for I d have to keep improving it until it does I kept my end of the bargain so it s your readers turn I plan to revise this book to its 2nd version 3rd version and so on As Rome was not built in a day I ll be waiting for your feedbacks I ve used Praat and scripts for a long time but as I said I do not know everything about them It s not why I wrote this book either Rather I wrote this book to tell you among the huge number of wonderful features of Praat which ones are frequently used in works related to phonetics speech synthesis and linguistics in general The features not frequently used and I know little about I did not even mention them For beginners I think it s equally important to know even the basic features and use them well Not all the features of Praat are equally important and are equally used frequently I intended to introduce to readers the most frequent and necessary features of Praat so that they understand the relative importance of all the features and can use them in their daily research works My job is to let them enter the wonderful world of Praat Once you get in sit tight and enjoy your ride A single step toward a journey of a thousand miles 2021 02 28 Kyuchul Yoon Ph D Professor in Phonetics *Research in the Teaching of English* ,1981 **British Museum Catalogue of printed Books** ,1896 *English Seamen* Robert Southey,1897 [Encyclopedia of Life Writing](#) Margaretta Jolly,2013-12-04 First published in 2001 Routledge is an imprint of Taylor Francis an informa company *English Lyrics, Chaucer to Poe, 1340-[1849]...* William Ernest Henley,1905 **English Monastic Life** Francis Aidan Gasquet,1904
