Between 2014 and 2018 Australia will commemorate the Anzac Centenary, marking 100 years since our nation's involvement in the First World War.

The Anzac Centenary is a milestone of special significance to all Australians. The First World War helped define us as people and as a nation.

During the Anzac Centenary we will remember not only the original ANZACs who served at Gallipoli and the Western Front, but commemorate more than a century of service by Australian servicemen and women.

The Anzac Centenary Program encompasses all wars, conflicts and peacekeeping operations in which Australians have been involved.

The Program aims to give all Australians the opportunity to honour the service and sacrifice of all those who have worn our nation's uniform, including the more than 102,000 who have made the supreme sacrifice.

It also aims to encourage all Australians to reflect upon and learn more about Australia's military history, its costs and its impacts on our nation.

"The Anzac Centenary will be one of the most significant commemorations to take place in our lifetimes."

Chair of the Anzac Centenary Advisory Board, Air Chief Marshal Angus Houston, AC, AFC (Retd)

Australia and the Great War Michael JK Walsh, Andrekos Varnava, 2016-01-01 Australia and the Great War explores both the immediate and long term consequences of the war on this complex relationship looking in particular at identity history gender propaganda economics and nationalism This multidisciplinary collection of essays unveils the creation and subsequent mis use of histories and mythologies while considering the necessity and nature of both remembering and forgetting war

Anzac's Long Shadow James Brown, 2014-02-15 A century ago we got it wrong We sent thousands of young Australians on a military operation that was barely more than a disaster It s right that a hundred years later we should feel strongly about that But have we got our remembrance right What lessons haven t we learned about war and what might be the cost of our Anzac obsession Defence analyst and former army officer James Brown believes that Australia is expending too much time money and emotion on the Anzac legend and that today s soldiers are suffering for it Vividly evoking the war in Afghanistan Brown reveals the experience of the modern soldier He looks closely at the companies and clubs that trade on the Anzac story He shows that Australians spend a lot more time looking after dead warriors than those who are alive We focus on a cult of remembrance instead of understanding a new world of soldiering and strategy And we make it impossible to criticise the Australian Defence Force even when it makes the same mistakes over and over None of this is good for our soldiers or our ability to deal with a changing world With respect and passion Brown shines a new light on Anzac s long shadow and calls for change Bold original challenging James Brown tackles the burgenoning Anzac industry and asks Australians to re examine how we think about the military and modern day service Leigh Sales The best book yet written not just on Australia s Afghan war but on war itself and the creator destroyer myth of Anzac John Birmingham James Brown is a former Australian Army officer who commanded a cavalry troop in Southern Iraq served on the Australian taskforce headquarters in Baghdad and was attached to Special Forces in Afghanistan Today he is the Military Fellow at the Lowy Institute for International Policy where he works on strategic military issues and defence policy He also chairs the NSW Government s Contemporary Veterans Forum He lives in Sydney

Anzac, The Unauthorised Biography Carolyn Holbrook, 2014-09-01 Raise a glass for an Anzac Run for an Anzac Camp under the stars for an Anzac Is there anything Australians won t do to keep the Anzac legend at the centre of our national story But standing firm on the other side of the Anzac enthusiasts is a chorus of critics claiming that the appetite for Anzac is militarising our history and indoctrinating our children So how are we to make sense of this struggle over how we remember the Great War Anzac the Unauthorised Biography cuts through the clamour to provide a much needed historical perspective on the battle over Anzac It traces how since 1915 Australia s memory of the Great War has declined and surged reflecting the varied and complex history of the Australian nation itself Most importantly it asks why so many Australians persist with the fiction that the nation was born on 25 April 1915

Underwater cultural heritage from World War I UNESCO, 2015-10-05 Places of Traumatic Memory Amy L. Hubbell, Natsuko Akagawa, Sol Rojas-Lizana, Annie Pohlman, 2020-10-31 This volume explores the relationship between place traumatic memory and narrative Drawing on cases from Africa Asia Europe Oceania and North and South America the book provides a uniquely cross cultural and global approach Covering a wide range of cultural and linguistic contexts the volume is divided into three parts memorial spaces sites of trauma and traumatic representations The contributions explore how acknowledgement of past suffering is key to the complex inter relationship between the politics of memory expressions of victimhood and collective memory Contributors take note of differing aspects of memorial culture

such as those embedded in war memorials mass grave sites and exhibitions as well as journalistic literary and visual forms of commemorations to investigate how narratives of memory can give meaning and form to places of trauma From Fear to Hope: Alternative Australian Narratives on War and Peacemaking Pamela Leach, 2018-07-10 This book scrutinises peace and war through Australian lenses It uncovers a deeper understanding of these terms and reflects a desire to bring to light alternative Australian ideas of war and peacemaking Certain stories have eclipsed others that add importantly to Australia's history This Quaker initiative considers a plurality of voices and the truths they purport It unpacks the act of memorialising to discover the marked impact we make in our efforts to hold on to meaning and to our past What have been the effects of our responses to the maxim Lest we forget

A Jurisprudence of Movement Olivia Barr, 2016-02-22 Law moves whether we notice or not Set amongst a spatial turn in the humanities and jurisprudence more specifically this book calls for a greater attention to legal movement in both its technical and material forms Despite various ways the spatial turn has been taken up in legal thought questions of law movement and its materialities are too often overlooked This book addresses this oversight and it does so through an attention to the materialities of legal movement Paying attention to how law moves across different colonial and contemporary spaces this book reveals there is a problem with common law's place Primarily set in the postcolonial context of Australia although ranging beyond this nationalised topography both spatially and temporally this book argues movement is fundamental to the very terms of common law's existence How then might we move well Explored through examples of walking and burial this book responds to the challenge of how to live with a contemporary form of colonial legal inheritance by arguing we must take seriously the challenge of living with law and think more carefully about its spatial productions and place making activities Unsettling place this book returns the question of movement to jurisprudence

Gallipoli Victoria Cross Hero John Hamilton, 2020-01-24 The WWI biography of a Victory Cross recipient who fought bravely at Gallipoli only to be shunned after the war for speaking out against it The son of a former Premier of Western Australia Hugo Throssell volunteered to join the Imperial Australian Force during the Great War He was shipped to Gallipoli in 1915 with the 10th Australian Light Horse Regiment which fought in a dismounted role He was involved in the famous charge of the 10th Light Horse at the Battle of the Nek and the Battle of Hill 60 Throssell was severely wounded during the Battle of Hill 60 but refused to leave his post until the fighting was over As soon as his wounds were dressed he went back into the firing line until he was ordered to stand down by the Medical Officer His determination saved his battalion at a critical moment After the war Throssell became an outspoken opponent of war for which he was widely condemned It also made employment difficult and he fell into debt When he tried to pawn his Victoria Cross he was offered only ten shillings He

committed suicide at forty nine Meticulously researched and beautifully written this is a moving tale of heroism and tragedy

Remembering the First World War Bart Ziino, 2014-12-05 Remembering the First World War brings together a group of international scholars to understand how and why the past quarter of a century has witnessed such an extraordinary increase in global popular and academic interest in the First World War both as an event and in the ways it is remembered The book discusses this phenomenon across three key areas The first section looks at family history genealogy and the First World War seeking to understand the power of family history in shaping and reshaping remembrance of the War at the smallest levels as well as popular media and the continuing role of the state and its agencies The second part discusses practices of remembering and the more public forms of representation and negotiation through film literature museums monuments and heritage sites focusing on agency in representing and remembering war The third section covers the return of the War and the increasing determination among individuals to acknowledge and participate in public rituals of remembrance with their own contemporary politics What for instance does it mean to wear a poppy on armistice remembrance day How do symbols like this operate today These chapters will investigate these aspects through a series of case studies Placing remembrance of the First World War in its longer historical and broader transnational context and including illustrations and an afterword by Professor David Reynolds this is the ideal book for all those interested in the history of the Great War and its aftermath

Geographies of Commemoration in a Digital World Danielle Drozdewski, Shanti Sumartojo, Emma Waterton, 2021-08-20 This book reframes commemoration through distinctly geographical lenses locating it within experiential and digital worlds It interrogates the role of power in representations of memory and shows how experiences of commemoration sit within alongside and in contrast to its official normative forms The book charts how memories places and experiences of commemoration play out and have or have not changed in and through a digital world Key to the book's exploration is a new epistemology of memory underpinned by an embodied research approach

Gallipoli Jenny Macleod, 2015-07-23 The British led Mediterranean Expeditionary Force that attacked the Ottoman Empire at Gallipoli in 1915 was a multi national affair including Australian New Zealand Irish French and Indian soldiers Ultimately a failure the campaign ended with the withdrawal of the Allied forces after less than nine months and the unexpected victory of the Ottoman armies and their German allies In Britain the campaign led to the removal of Churchill from his post as First Lord of the Admiralty and the abandonment of the plan to attack Germany via its soft underbelly in the East Thereafter it was largely forgotten on a national level commemorated only in specific localities linked to the campaign In post war Turkey by contrast the memory of Gallipoli played an important role in the formation of a Turkish national identity celebrating both the ordinary soldier and the genius of the republic's first president Mustafa Kemal The campaign served a similarly important formative role in both Australia and New Zealand where it is commemorated annually on Anzac Day For the southern Irish meanwhile the bitter memory of service for the King in a botched campaign was forgotten for decades

Shaped initially by the imperatives of war time and the needs of the grief stricken and the bereft the memory of Gallipoli has been re made time and again over the last century For the Turks an inspirational victory for many on the Allied side a glorious and romantic defeat for others still an episode best forgotten Gallipoli has meant different things to different people serving by turns as an occasion of sincere and heartfelt sorrow an opportunity for separatist and feminist protest and a formative influence in the forging of national identities

Positive Tourism Sebastian Filep, Jennifer Laing, Mihaly Csikszentmihalyi, 2016-10-04

Tourism affects millions of individuals numerous societies and environments in multiple nuanced and overlapping ways While it can be viewed as a frivolous leisure pursuit or simply a large industry with potentially destructive impacts it might also be understood in terms of its effects on human fulfilment the good life and greater well being This book calls for positive tourism principally grounded in theories from positive psychology the study of what makes life worth living and the development of a body of knowledge that explains what characterises optimal tourist experiences what enables host communities to flourish and what encourages workers in tourism to thrive Through original research studies reported in this international volume we aim to further develop this knowledge The intersections between ongoing and traditionally inspired applications of psychology in tourism and this new thrust in psychological inquiry promise to refresh and challenge tourism research This book will appeal to researchers and academics in tourism leisure positive psychology management and related fields as well as graduate students professionals and policy makers
