Art and Creativity in an Era of Ecocide Anna Pigott, Owain Jones, Ben Parry, 2023-09-21 What can creativity achieve in an era of ecocide How are people using creative and artistic practices to engage with and resist the destruction of life on earth What are the relationships between creativity and repair in the face of escalating global environmental crises Across twelve compelling case studies this book charts the emergence of diverse forms of artistic practice and brings together accounts of how artists scholars and activists are creatively responding to environmental destruction Highlighting alternative approaches to creativity in both conventional art settings and daily life the book demonstrates the major influence that ecological thought has had on contemporary creative practices These are often more concerned with subtle processes of feeling experience and embodiment than they are with charismatic eco art works In doing so this exploratory book develops a conception of creativity as an anti ecocide endeavour and provides timely theoretical and practical insights on art in an age of environmental destruction

Exploring the Selfie Julia Eckel, Jens Ruchatz, Sabine Wirth, 2018-04-06 This volume explores the selfie not only as a specific photographic practice that is deeply rooted in digital culture but also how it is understood in relation to other media of self portrayal Unlike the public debate about the dangers of selfie narcissism this anthology discusses what the practice of taking and sharing selfies can tell us about media culture today can the selfie be critiqued as an image or rather as a social practice What are the technological conditions of this form of vernacular photography By gathering articles from the fields of media studies art history cultural studies visual studies philosophy sociology and ethnography this book provides a media archaeological perspective that highlights the relevance of the selfie as a stereotypical as well as creative practice of dealing with ourselves in relation to

technology Light Field Methods for the Visual Inspection of Transparent Objects Meyer, Johannes,2019-08-22

Anything & Everything : June Volume V Cyko Games,2015-06-27 This edition of our magazine is based on Security Yes folks this is a Security special edition Hence there are a lot of stuffs related to the various aspects of Security which we faced in our daily life A lot of interesting reads are available to our readers ranging from various articles like security gadget on demand article and from electro zone to cyko zone And yeah besides all this as well as our usual sections namely the upcoming games section the let us electronics section etc some other exciting technological stuffs like tablet comparison and tablet buying guides have also been included **Technology For Transformation** Libbi R. Miller,Daniel Becker,Katherine

Becker,2016-04-01 This book serves as a platform for educators and researchers to unite educational technology and social justice While educational technology is a rapidly changing and progressive field of research and practice it remains largely separate from education for social justice Current literature about educational technology is often approached from a technical how to perspective that emphasizes ways to implement technology into the classroom Technology is often viewed as inevitable yet neutral and value free Educational technology however is anything but neutral The contributors collectively advance a hopeful discourse by exploring the potential of technology as a vehicle to transform and emancipate while not forgoing a critically reflective measure of self conscious critique of our own role as educators students or scholars in oppressive silences constraints and conditions This edited collection makes an important and unique contribution to the field as it will be the first published volume to detail research theory and practice regarding student use of technology in achieving liberatory aims since IAP s 2009 publication ICT for Education Development and Social Justice The fields of educational technology and social justice are vast and applicable in many domains including teacher education graduate programs and K 12 education This work is intended to appeal to a diverse academic and professional audience of K 12 teachers teacher educators educational technology and social justice scholars and policy makers Scholars and academics instructing graduate level educational technology courses can reference this edited collection as the most current text on socially just educational technology Educational practitioners from teacher education programs and the K 12 sector may use this book as a source of ideas and inspiration to incorporate student use of technology toward emancipatory aims This title could be adopted as a course text for both undergraduate and graduate education courses in media literacy digital literacy distance education education for social justice and teacher preparation and educational technology courses Readers will also be able to use the book as a guide when critically analyzing their own professional practice whether it is in research working with K 12 students or preparing future educators or scholars **De-internationalization and Re-internationalization of the Firm** Jesper Chrautwald Sort,Yariv Taran,Romeo V. Turcan,2025-05-12 This book marks the first attempt to explore de

internationalization and re internationalization through business model innovation Understanding how firms building on their de internationalization experience can reconfigure their business models to pursue re internationalization is vital to firms

growth and survival Combining sound theorizing and practical insights this book conjectures that the relationship between de internationalization and re internationalization is best understood theoretically and empirically through the moderating effect of business model innovation This book puts forward an international business business model research program that will undoubtedly create more questions than answers making it an exciting thought provoking avenue for future research and practice pondering in a VUCA world This book is of great interest to practitioners academics and students of business model innovation and international business as well as those involved in strategic management for international businesses

Designing with Photovoltaics Angèle Reinders,2020-04-30 Designing with Photovoltaics cover a broad range of topics related to the design of products buildings and vehicles with integrated photovoltaic PV technologies including storage aspect It enables the reader to easily design new products buildings and vehicles through use of innovative PV products Diverse categories of product integrated PVs are discussed including applications of solar power for mobility and building integrated systems along with design and manufacturing related information about solar cells Illustrating design cases of various PV powered products special attention is paid to end users and environmental aspects of PV applications Aimed at senior undergraduates graduates and professionals in electrical engineering architecture design physics mechanical engineering and those specifically studying photovoltaics it Covers the different product integrated photovoltaics PIPV with a focus on design and manufacturing Presents comprehensive overview of all aspects of designing with photovoltaics Includes product integrated PV building integrated PV and solar powered mobility concepts Contains real design cases showing how to design with photovoltaics Discusses context of environmental issues and user aspects **PoC or GTFO** Manul

Laphroaig,2017-10-31 This highly anticipated print collection gathers articles published in the much loved International Journal of Proof of Concept or Get The Fuck Out PoC GTFO follows in the tradition of Phrack and Uninformed by publishing on the subjects of offensive security research reverse engineering and file format internals Until now the journal has only been available online or printed and distributed for free at hacker conferences worldwide Consistent with the journal s quirky biblical style this book comes with all the trimmings a leatherette cover ribbon bookmark bible paper and gilt edged pages The book features more than 80 technical essays from numerous famous hackers authors of classics like Reliable Code Execution on a Tamagotchi ELF's are Dorky Elves are Cool Burning a Phone Forget Not the Humble Timing Attack and A Sermon on Hacker Privilege Twenty four full color pages by Ange Albertini illustrate many of the clever tricks described in the text Computer Vision - ECCV 2014 Workshops Lourdes Agapito,Michael M. Bronstein,Carsten Rother,2015-03-19 The

four volume set LNCS 8925 8926 8927 and 8928 comprises the thoroughly refereed post workshop proceedings of the Workshops that took place in conjunction with the 13th European Conference on Computer Vision ECCV 2014 held in Zurich Switzerland in September 2014 The 203 workshop papers were carefully reviewed and selected for inclusion in the proceedings They were presented at workshops with the following themes where computer vision meets art computer vision

in vehicle technology spontaneous facial behavior analysis consumer depth cameras for computer vision chlearn looking at people pose recovery action interaction gesture recognition video event categorization tagging and retrieval towards big data computer vision with local binary pattern variants visual object tracking challenge computer vision ontology applies cross disciplinary technologies visual perception of affordance and functional visual primitives for scene analysis graphical models in computer vision light fields for computer vision computer vision for road scene understanding and autonomous driving soft biometrics transferring and adapting source knowledge in computer vision surveillance and re identification color and photometry in computer vision assistive computer vision and robotics computer vision problems in plant phenotyping and non rigid shape analysis and deformable image alignment Additionally a panel discussion on video segmentation is included

Graphic Showbiz Adwoa Serwaa, 2014-11-13 Optical Imaging and Photography Ulrich Teubner, Hans Josef Brückner, 2023-12-18 This hand book is concerned with optical imaging from simple pinhole cameras to complex imaging systems It spans the range all the way from optical physics to technical optics Based on ray and wave optical approaches complemented by principles of Fourier optics the book discusses the process of imaging from the beginning until image capture where in particular the different topics are well integrated with each other Different imaging systems and sensors are reviewed as well as lenses and aberrations image intensification and processing The second and enlarged edition has been updated by actual developments and complemented by the topic of smart phone camera photography The latter plays an important role today in the field of optical imaging and represents a fully integrated optical system with potential for further new developments For physicists natural scientists engineers photographers and microscopists on one side and students of physics natural sciences or engineering in general on the other side the books provides an introduction into the complex field of optical imaging For all of them with practical experience the book conveys a deeper insight into the intricacies and quality assessment of their daily used devices *Inventive Systems and Control* V. Suma, Joy Iong-Zong Chen, Zubair Baig, Haoxiang Wang, 2021-06-07 This book presents selected papers from the 5th International Conference on Inventive Systems and Control ICISC 2021 held on 7 8 January 2021 at JCT College of Engineering and Technology Coimbatore India The book includes an analysis of the class of intelligent systems and control techniques that utilises various artificial intelligence technologies where there are no mathematical models and systems available to make them remain controlled Inspired by various existing intelligent techniques the primary goal is to present the emerging innovative models to tackle the challenges faced by the existing computing and communication technologies The proceedings of ICISC 2021 aim at presenting the state of the art research developments trends and solutions for the challenges faced by the intelligent systems and control community with the real world applications The included research articles feature the novel and unpublished research works on intelligent system representation and control **Robot Intelligence Technology and Applications** 4 Jong-Hwan Kim, Fakhri Karray, Jun Jo, Peter Sincak, Hyun Myung, 2016-07-08 This book covers all aspects of

robot intelligence from perception at sensor level and reasoning at cognitive level to behavior planning at execution level for each low level segment of the machine It also presents the technologies for cognitive reasoning social interaction with humans behavior generation ability to cooperate with other robots ambience awareness and an artificial genome that can be passed on to other robots These technologies are to materialize cognitive intelligence social intelligence behavioral intelligence collective intelligence ambient intelligence and genetic intelligence The book aims at serving researchers and practitioners with a timely dissemination of the recent progress on robot intelligence technology and its applications based on a collection of papers presented at the 4th International Conference on Robot Intelligence Technology and Applications RiTA held in Bucheon Korea December 14 16 2015 For better readability this edition has the total of 49 articles grouped into 3 chapters Chapter I Ambient Behavioral Cognitive Collective and Social Robot Intelligence Chapter II Computational Intelligence and Intelligent Design for Advanced Robotics Chapter III Applications of Robot Intelligence Technology ,
