Mac Life , 2008-01 **Next-Generation Applied Intelligence** Been-Chian Chien, Tzung-Pei Hong, Moonis Ali, 2009-06-26 The International Conference on Industrial Engineering and Other Applications of Applied Intelligent Systems IEA AIE always sponsored by the International Society of Applied Intelligence ISAI emphasizes applications of applied intelligent systems to solve real life problems in all areas It is held every year and has become one of the biggest and most important academic activities concerning the theory and applications of intelligent systems in the world The IEA AIE 2009 conference was hosted by the National University of Tainan and National University of Kaohsiung in Taiwan This was the

first time that the IEA AIE conference was held in Taiwan We received 286 papers from all parts of the world Only 84 papers were selected for publication in this volume of LNAI proceedings Each paper was reviewed by at least two anonymous referees to assure the high quality We would like to express our sincere thanks to the Program Committee members and all the reviewers for their hard work which helped us to select the highest quality papers for the conference These papers highlight opportunities and challenges for the next generation of applied intelligence and reveal technological innovations in real applications

The Economic Geography of the IT Industry in the Asia Pacific Region Philip Cooke, Glen Searle, Kevin O'Connor, 2013-07-18 The development of the information technology IT industry in the Asia Pacific region faces two challenges Firstly can its established physical technical regional and governance infrastructures be adapted to meet the challenges embedded in the set of products and processes created by the IT industry Secondly as this adaptation evolves which cities and regions will be best suited to connect to or lead global responses to these challenges The chapters in this book have set out to explore these questions providing details of change in a range of aspects of the IT industry such as mobile phones software services and flat screen design in regions in Japan Korea Taiwan India China and Australia The book also outlines the policy responses of national and regional governments in Singapore India and China and India These case studies provide a basis to understand effective strategies which could be formulated for the future This book's originality emerges from the fine detail provided about firms in particular regions and cities from research carried out by young scholars in the past two years This makes it very useful for readers keen to understand the recent changes in this dynamic industry in a fast growth part of the world and it will also help to shape thinking by policy makers on policy settings that can be applied
