Thank God for Angels Ralph D. D. Caracoza Jr., 2020-03-25. Thank God for Angels. Twins and Their Guardian Angels is filled with imagination, adventure and mystery. It's a story about a set of twelve year old twins, Andrew and Mia, and their massive St Bernard, Noah. They have a propensity to look for sick and injured animals in the woods surrounding their custom built home. If the injuries are too complicated or intricate for their limited abilities, they resort to recruiting the talents of their father, Dr. David Brooks, the chief of veterinary services at their city's world renowned zoo, or their mother, Dr. Rachael Brooks, a very successful chief of cardiac surgery at one of the nation's most prestigious hospitals. The story centers around the twins who have pleased God so much with their love and compassion for his animals and for treating their injuries and then releasing them back to nature that He has bestowed on them two amazing gifts. The first gift is to be able to see and converse with their guardian angels, and the second is to have the ability to communicate with animals via mental telepathy. Both gifts give the twins the ability to resolve a chaotic fiasco at the city zoo. The author entertains your imagination with clever and unexpected plot twists that amuse your creative juices for adventure and mystery. *Best Practices: Position and Guidance Documents of ASHP* American Society of Health-System Pharmacists, 2024-01-23.
