Building Comprehension in Every Classroom Rachel Brown, Peter Dewitz, 2013-10-09 This book presents a practical model and specific unit and lesson planning ideas for enhancing students reading comprehension in any 2-8 classroom. The authors provide innovative suggestions that help teachers construct a comprehension curriculum organized around literature, informational texts, or a basal reading program. Vivid case examples and vignettes bring to life ways to build the knowledge, strategies, and motivation that children need to engage with different types of texts and become proficient, enthusiastic readers. Graphic elements throughout the volume link instructional and assessment practices directly to the Common Core standards. **Harcourt School Publishers Storytown** HSP, 2005-12 **Illinois Reading Council Journal**, 2018 **The**

Language Experience Approach and the Science of Literacy Instruction Elaine Traynelis Yurek, Mary Winifred Strong, 2024-05-14 The information contained in this text covers literacy instruction in kindergarten, primary, grades, middle school, and secondary school. It gives the background on the developmental aspects of all attributes needed for successful reading. It presents a balanced body of information for instruction between wholistic approaches and traditional approaches for the total literacy curriculum. This book includes the complete developmental aspects of skills necessary for competence in all literacy tasks from birth to adolescent literacy, the need for availability for teachers to assess the progress of all these skills as they are presented in a wholistic fashion on a regular basis, the criteria of how decisions are made for remedial reading instruction, the interface of special education considerations for students experiencing literacy deficits, approaches for adolescent literacy programs, and extensive information on teaching English language learners. **Grade Teacher**, 1930
