Word Bytes Carolyne Lee,2009-07-15 Words matter And good writing matters Especially in the information society in which more writing than ever is disseminated and read There may be a lot of dross out there but we can also find writing that stands out from the rest It lodges in our heads because of its simplicity and style and because it says something worth reading This is word byte writing a term that Carolyne Lee coins

defines and explains in this book and which she and her contributors encourage their readers to achieve A wide range of genres of public and professional writing including magazine profiles newspaper articles and blog posts is covered in Word Bytes The contributions from other professional writers magazine and newspaper journalists through to a blogger and web editor will inspire and teach all those who want to learn to recognise and produce word bytes writing that gets noticed and read in a world of information overload

Internal Audit Quality Sally-Anne Pitt, 2014-09-08 Deliver increased value by embedding quality into internal audit activities Internal Audit Quality Developing a Quality Assurance and Improvement Program is a comprehensive and authoritative guide to better practice internal auditing Written by a global expert in audit quality this guide is the first to provide complete coverage of the elements that comprise an effective internal audit quality assurance and improvement program Readers will find practical solutions for monitoring and measuring internal audit performance drawn from The IIA's International Standards for the Professional Practice of Internal Auditing and complemented by advice and case studies from leading audit practitioners from five different continents Major corporate and financial collapses over the past decade have challenged the value of internal audit With an increased focus on internal audit's role in good governance management is increasingly demanding that internal audit provides assurance of the quality of its own activities The IIA standards provide a framework for audit quality in the form of mandatory guidance Recent research indicates that the majority of internal audit functions do not fully comply with the standards and as a result are not servicing the needs of their organizations as well as they might Internal Audit Quality offers a roadmap to internal audit quality providing readers the guidance they need to Embed quality into all elements of internal audit from strategic and operational planning down to day to day tasks Create well defined internal audit programs and procedures Independently self assess internal audit quality and performance Conform with the IIA standards and better practice Provide assurance over internal audit efficiency and effectiveness Deliver value by meeting stakeholder expectations As a key component of good governance internal audit is on the rise The days of retrospective compliance focused auditing is a thing of the past Organizations expect more of internal audit and many internal audit activities are accepting the challenge Rather than relying on audit supervision and external assessments modern auditors are embedding quality into audit activities to create effective programs For the auditor looking to distinguish themselves as leading edge Internal Audit Quality provides the guidance that enables the right work at the right time in the right way

Scientific Information Transfer: The Editor's Role M. Balaban, 2012-12-06 It was Faraday who in 1821 said that there are three necessary stages of useful research The first to begin it the second to end it and the third to publish it There has since indeed been so much research and publication that we have become increasingly alarmed by the galloping proliferation of scientific information produced in relation to the user's ability to retrieve and consume it effectively conveniently and creatively In 1948 to deal with this concern the Royal Society Scientific Information Conference held in London spanned the whole realm of scientific information Sir Robert Robinson President of the

Royal Society in his opening address noted that the study of scientific information services in all its ramifications has enormous scope and the London conference dealt with scientific publication format editorial policy subject grouping organization abstracting reviews classification indexing and training of information officers It was about this time that information science began to develop more on the retrieval end so it seems logical that the first editors group founded in 1949 was ICSU AB the International Council of Scientific Unions Abstracting Board In 1958 the National Academy of Sciences International Conference of 2 Scientific Information in Washington limited its interests and expanded on the later phases of the life cycle of information storage and retrieval
