Researchers ignore young people's actual voices despite their leadership in recent global uprisings, some of which unseated entrenched dictators. Neoliberalism must be exposed in its focus on youth subcultures and styles rather than economic barriers caused by growing inequality and rising youth unemployment rates. Ageism in Youth Studies also discusses the debate about Generation We or Me and if Millennials are narcissistic. Resources about global youth studies are included along with the results of the author's surveys and interviews with over 4,000 young people from 88 countries. **Feature Films in English Language Teaching** Britta Viebrock, 2016-07-11 *Feature Films in English Language Teaching* deals with the use of motion pictures in the advanced EFL/English as a foreign language classroom.
