NAME: _____

The term **Reconstruction** refers to the period after the Civil War, beginning in 1865 and lasting until 1877. During this time, the former Confederate states were brought back into the Union, and new organizations like the Freedmen's Bureau helped former slaves. Though amendments and laws were passed to increase the civil rights and liberties of African Americans, these were virtually ignored by the southern states. Many states managed to pass laws that left African Americans segregated and without a voice or power in government. For the most part, many historians believe that the attempts to improve the status of African Americans during Reconstruction failed to do any good.

Reconstruction Events

Lincoln's Plan for Reconstruction

Abraham Lincoln's proposed plan for Reconstruction, also known as the Ten Percent Plan, called for 10% of the voters from the 1860 election in southern states to swear an oath of loyalty to the United States. His plan would bring the southern states back to the Union quickly, but it was never passed. Shortly after the end of the Civil War, Lincoln was assassinated. His vice president, Andrew Johnson, was sworn in as the next president.

Presidential Reconstruction

Presidential Reconstruction was the period from 1865 to 1867 that was characterized by the policies of President Andrew Johnson. Many people in the United States believed President Johnson was too lenient on the former Confederate states. In the 1866 congressional elections, the Republican party took control of both houses of Congress in a landslide victory, an event that marked the beginning of the period known as Congressional Reconstruction.

Congressional Reconstruction

Known as Congressional or Radical Reconstruction, this period was characterized by the imposition of martial law on 10 southern states with the passage of the Reconstruction Acts of 1867. A major tenet of Congressional Reconstruction was the idea that when new policies were declared, they should actually be enforced. Many people felt this aspect was lacking in Presidential Reconstruction. Another important goal for Radical Republicans was to take land away from Southern plantation owners and distribute it among the newly-freed slaves. Congress attempted to accomplish this through the Freedmen's Bureau, but President Johnson used his executive powers to return Southern land to its original owners.

Reconstruction Amendments

Following the Civil War, the Reconstruction Amendments were adopted. The Reconstruction Amendments consist of the 13th Amendment, 14th Amendment, and 15th Amendment, all of which are concerned with equal rights.

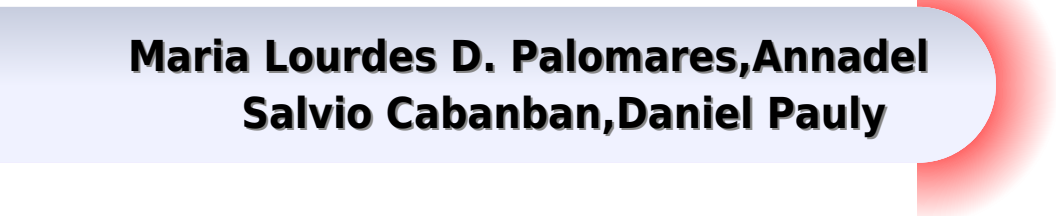

- **13th Amendment:** Ratified in 1865, this amendment abolished slavery in the U.S.
- **14th Amendment:** This amendment, passed in 1866 and ratified in 1868, stated that all people born in the U.S., except Native Americans, were U.S. citizens.
- **15th Amendment:** This amendment gave African American men the right to vote and was ratified on February 3, 1870. This amendment states that no citizen of the U.S. can be denied the right to vote based on race or color.

Freedmen's Bureau

Congress created this bureau in 1865 to assist former slaves. The bureau established schools for African Americans and helped African Americans find employment.

Study Island Reconstruction Answers:

The Vulnerable Andaman and Nicobar Islands Poonam Tripathi, 2018-03-14 This first full length book addresses disasters in the context of vulnerability of the Andaman and Nicobar Islands that comprise 572 islands in the Bay of Bengal. It looks at the disasters that the islands have experienced in the last 200 years and analyzes major disasters since colonization by the British. Raising some critical questions, this book attempts to understand the overall profile of disasters, the facts, causes, damage, response, and recovery in the Andaman and Nicobar Islands. It discusses earthquakes, cyclones, tsunamis, and epidemics, as well as impacts of World War II, the penal colony, and the post-Independence resettlement on the tribal population. The work will serve as a rich resource with its detailed tables, figures, maps, and diagrams, appendices, and database ranging from travelogues, Census of India reports, and fieldwork to Right to Information (RTI) petitions that collect hitherto unknown facts. The book will be useful to students of geography, disasters, and disasters management, climate, and environmental studies, history, sociology, island, and ocean studies, and South Asian studies. **Atlantic Provinces**

Nikolaos Tsetsos, Marios Stavrakas, Konstantinos Garefis, 2025-03-07 The book presents a case-based review of Otolaryngology Head and Neck Surgery, guiding readers step by step through the principles of safe care. Each chapter begins with an abstract followed by a case presentation and multiple choice questions (MCQs) with brief answers on diagnosis, workup, differential diagnosis, treatment, surgical procedures, and follow-up. Accompanied by color figures, tables summarizing key technical steps, drawings, and algorithms, the volume presents information in a format that is easy to understand and remember. Given its features, the book is an ideal study guide for ENT trainees, senior ENT residents, and fellows preparing for board examinations, as well as a quick reference for all ENT surgeons who wish to test and improve their knowledge using the latest available evidence-based references and data. **Facing North Volume 1** David Goldsworthy, 2012-11-27 **Facing North** is the first substantial history of Australia's relations with Asia since Federation. Volume 1 chronicles Australian-Asian relations from 1901 to the 1970s, and Volume 2, in preparation, will carry the story through the last decades of the century just ended. Both make extensive use of official government sources and of the private collections of ministers and public servants. Debate about engagement with Asia is not a recent phenomenon. Ever since Federation, Australians in public life have expressed diverse views on our foreign policy and on areas with major domestic consequences such as immigration. In this volume, Australia faces up to many changes in Asia. Japan, an expanding military power during the 1930s, becomes an economic partner during the 1950s. The Pacific war and decolonisation open Australia's regional horizons, and the Vietnam

war necessitates active engagement with Southeast Asia Failure to recognise China during the 1950s and 1960s shifts after 1972 to a vigorous search for relationship Other key developments include the initiation of the Colombo Plan in the 1950s and gradual abolition in the 1960s and 1970s of the White Australia Policy The story is not a simple one of smoothly evolving engagement The challenges presented by Asian realities have evoked complex responses which this history analyses and clarifies It explains the major changes in official Australian policies towards Asia together with the broader cultural challenges Facing North tells us what was done in the past and why It is essential reading for anyone who wants to better understand Australia s present relations with Asian countries and our future choices Historical Reconstructions of Marine
