 Glamour is one of the most tantalizing and bewitching aspects of contemporary culture but also one of the most elusive The
 aura of celebrity the style of the fashion world the vanity of the rich and beautiful and the publicity driven rites of caf society
 are all imbued with its irresistible magnetism But what exactly is glamour Where does it come from How old is it And can
 anyone quite capture its magic Stephen Gundle answers all these questions and more in this first ever history of the
 phenomenon from Paris in the tumultuous final decades of the eighteenth century through to Hollywood New York and
 Monte Carlo in the twentieth and twenty first centuries from Napoleon to Marlene Dietrich and Marilyn Monroe from Beau
 Brummell to Gianni Versace Throughout the book captures the excitement and sex appeal of glamour while exposing its
 mechanisms and exploring its sleazy and sometimes tragic underside As Gundle shows while glamour is exciting and
 magnetic its promise is ultimately an illusion that can only ever be partially fulfilled **Adolescent Configuration Styles,**
Parenting and Psychotherapy Bronagh Starrs,2023-12-01 Mental health has become the principal concern as adolescents
 struggle with a host of issues such as anxiety academic pressures gender substances social media complicated family
 compositions and a vulnerable planet This book provides psychotherapists with a clear theoretical understanding and
 practical application for navigating the increasingly complex adolescent experience as young people adjust and respond to
 the present day world Starrs presents a contemporary understanding of adolescence identifying three principal character
 styles and offering experience near descriptions of the modernday adolescent The author demonstrates how each
 configuration style in adolescence elicits a predictable response in parents and examines the challenges and dilemmas facing

parents in today's world highlighting the patterns and pitfalls which often render parental interventions ineffective. Developmentally attuned parenting strategies are outlined pertaining to each configuration style. The in-depth analysis of adolescent process and parental response has implications for the therapeutic encounter. Intervention focuses both on one-to-one work with the adolescent and parental involvement. The complexity of working with adolescents and parents who demonstrate psychological entrenchment is also outlined. This highly readable original and exceptional contribution is suitable for psychotherapists, allied professionals, and parents alike.

The Bizarre World of Reality Television Stuart Lenig, 2017-10-12. How do reality television programs shape our view of the world and what we perceive as real and normal? This book explores the bizarre and highly controversial world of reality television, including its early history, wide variety of subject matter, and social implications. In recent decades, reality television shows ranging from *Keeping Up with the Kardashians* to *Duck Dynasty* have become increasingly popular. Why are these unscripted programs irresistible to millions of viewers? And what does the nearly universal success of reality shows say about American culture? This book covers more than 100 major and influential reality programs past and present, discussing the origins and past of reality programming, the contemporary social and economic conditions that led to the rise of reality shows, and the ways in which the most successful shows achieve popularity with both male and female demographics or appeal to specific targeted niche audiences. The text addresses reality TV within five easy-to-identify content categories: competition shows, relationship love interest shows, real people or alternative lifestyle and culture shows, transformation shows, and international programming. By examining modern reality television, a topic of great interest for a wide variety of readers, this book also discusses cultural and social norms in the United States, including materialism, unrealistic beauty ideals, gender roles, and stereotypes in society, dynamics of personal relationships, teenage lifestyles and issues, and the branding of people for financial gain and wider viewership.

She bags the biggest interview of the year with Yvette Renault, the infamous former editor of French Vogue, in The Carlton InterContinental Hotel during the Cannes Film Festival. She eagerly jets off to France while Chase stays home working with her father, a former senator, on his upcoming mayoral campaign. Everything feels unbelievably perfect until it doesn't. The hotel loses her reservation hours before her big interview. Serena fears that she'll have to go home without her story, but then she meets Zoe, a quirky young woman staying in the suite below Yvette's, who invites Serena to stay with her. Serena is grateful for her mysterious roommate's generosity, but it seems that there's more to her story than meets the eye. To make matters worse, soon after arriving in Cannes, Serena learns a shocking secret about her parents' marriage, and it isn't long before she begins to question her own relationship. Fast-paced and impeccably written, *French Coast* will draw readers in to the intoxicating world of the Cote d'Azur.
