Toward the Gleam T. M. Doran, 2011-01-01 Between the two world wars on a hike in the English countryside Professor John Hill takes refuge from a violent storm in a cave There he nearly loses his life but he also makes an astonishing discovery an ancient manuscript housed in a cunningly crafted metal box Though a philologist by profession Hill cannot identify the language used in the manuscript and the time period in which it is was made but he knows enough to make an educated guess that the book and its case are the fruits of a long lost but advanced civilization The translation of the manuscript and the search for its origins become a life long quest for Hill As he uncovers an epic that both enchants and inspires him he tracks down scholars from Oxford to Paris who can give him clues Along the way he meets several intriguing characters including a man keenly interested in obtaining artifacts from a long lost civilization that he believes was the creation of a superior race and will help him fulfill his ambition to rule other men Concluding that Hill must have found something that may help him in this quest but knowing not what it is and where it is hidden he has Hill his friends at Oxford and his family shadowed and threatened until finally he and Hill face off in a final climatic confrontation A story that features a giant pirate and slaver a human chameleon on a perilous metaphysical journey a mysterious hermit and creatures both deadly and beautiful this is a novel that explores the consequences of the predominant ideas of the 20th Century **Finding Peace**

McCreedy, 2013-10-14 Im more convinced than ever that if youre going to write a book it must come from deep inside you I believe thats so true regarding the writing of any good book but particularly this volume While my first published work *The Seers House* arrived in one single vision at 3 oclock in the morning my second endeavour *Miracle Dog Miracle God* took a lot longer to emerge For over ten years following my first publication I was caught up in the mission field in Romania and literally didnt have time to write a follow up Indeed only after Id returned from Romania and been separated from my best friend Snowbell our Golden Retriever Labrador did I really begin to accept that another book may be about to be birthed I couldnt shake off the writing of this book and so eventually I sat down and wrote it Nevertheless *Miracle Dog Miracle God* hasnt been the easiest manuscript to create for various reasons Trying to keep to my subject matter what God the Father taught me about Himself through the love of a dog when there was so much more to tell about our Romanian endeavours hasnt been straightforward Writing each chapter as a parable was equally challenging but in the end I think Ive managed to produce what has been within me since 2008 Finally the emotion I experienced writing about this remarkable little dog was quite unexpected On numerous occasions I would have to literally down tools and shed tears while at other times I laughed out loud and so enjoyed reminiscing about happier moments with Snowbell My desire is that *Miracle Dog Miracle God* will make you laugh and cry yet also instruct you about the amazing unconditional love of God After all thats exactly what

happened to me when I was introduced to Snowbell a beautiful gift from God to my life if ever there was one Having It All? Veronica Chambers,2007-12-18 A behind the scenes look into the lives of successful middle and upper middle class African American women the groundbreaking HAVING IT ALL is sure to spark discussions from cocktail parties to boardrooms In a single generation black women have made extraordinary strides academically professionally and financially They ve entered the workplace at a far greater rate than white women increased their enrollment in law schools and graduate programs by 120 percent and many are now running top companies or in some cases the country Isn t that enough Not necessarily With sharp insight award winning journalist Veronica Chambers explores the challenges and stereotypes she and other African American women continue to endure and answers the question most often posed to her What does success mean for black women Twenty first century black women draw their inspiration from a wide range of sources Claire Huxtable to Audrey Hepburn snowboarding to basketball Gloria Steinem to bell hooks They choose what they like Yet they are misunderstood by mainstream America and lack an accurate portrayal in the media of their lives HAVING IT ALL interweaves the thoughts and reflections of more than fifty women who occupy this territory The voices range from Thelma Golden chief curator of The Studio Museum in Harlem to a Silicon Valley executive to medical and legal professionals and stay at home mocha moms Successful black women today want it all marriage motherhood engaging work and prosperity The difference is that they come to the table with the strength courage and wisdom of black women ancestors who did it all even when they didn t have it all What has gone so undocumented by the media is that modern black women are coming up with creative satisfying answers to the juggling act that all women face Veronica Chambers chronicles this topic for the first time in her absorbing riveting and groundbreaking book HAVING IT ALL *Strong in the Broken Places* Quentin Vennie,Jon Sternfeld,2017-05-30 An inspiring memoir about one man s journey to overcome addiction anxiety and depression through meditation yoga and juicing Quentin Vennie shouldn t be alive he has walked a path that many don t live long enough to write about Growing up in Baltimore he was surrounded by nothing but dead ends Statistics mapped out his future and he grew hostile toward a world that viewed him with suspicion and disdain He was shot at sold drugs up and down the East Coast lingered on the brink of incarceration and stared down death more than once Haunted by feelings of abandonment and resentment he struggled with chronic anxiety and depression and battled a crippling prescription drug addiction The day he contemplated taking his life was the day he rediscovered his purpose for living Vennie s survival depended upon his finding a new path but he didn t know where to turn his doctor was concerned only with prescribing more medication Vennie refused and in a desperate attempt to save his own life decided to pursue a journey of natural healing After researching a few self healing methods he immediately bought a juicer from an all night grocery store He started juicing in the hopes that it would help him repair his body and clear his mind He jumped headfirst into the world of wellness and started incorporating yoga and meditation into his life This wellness trinity helped him cut back on and then quit the many medications he was on

overcome his addictions and ultimately transform his life while inspiring others to find their own unique path to wellness Strong in the Broken Places is the harrowing story of Vennie s life the detours that almost ended it and the inspiring turns that saved it The odds were stacked against him but he was able to defy expectations and claw his way out on his own terms He is living proof that during our weakest moments we have the power and ability to unlock unimaginable strength **An Unlikely Conservative** Linda Chavez,2009-04-30 When President George W Bush nominated Linda Chavez to be Secretary of Labor in January 2001 most political observers saw it as a nod to the right Chavez had made her reputation taking on the civil rights establishment the feminist movement and the multiculturalists What few people knew was that this hard nosed conservative began her career among socialists and labor union officials teaching in college affirmative action programs and writing political propaganda for the Democratic National Committee In An Unlikely Conservative Chavez recounts her political journey from the Young People s Socialist League to the Reagan wing of the Republican Party and the sometimes shocking personal experiences that shaped her views From excrement smeared car seats to threats of attacks with bombs and switchblades she learned quickly that opposing racial quotas and ethnic studies carried a high personal cost But at its core hers is the story of a working class Hispanic girl who overcomes a difficult and painful childhood to become one of America s most prominent political conservatives *A Thoroughly Canadian General* Paul Douglas Dickson,2007-01-01 General H D G Harry Crerar 1888 1965 was involved in or directly responsible for many of the defining moments of Canadian military history in the twentieth century In the First World War Crerar was nearly killed at the second battle of Ypres was a gunner who helped to secure victory at Vimy Ridge and was a senior staff officer during the pivotal battles of the last Hundred Days During the Second World War he occupied and often defined the Canadian army s senior staff and operational appointments including his tenure as commander of First Canadian Army through the northwest European campaign Despite his pivotal role in shaping the Canadian army however General Crerar has been long overlooked as a subject of biography In *A Thoroughly Canadian General* Paul Douglas Dickson examines the man and his controversial place in Canadian military history arguing that Crerar was a nationalist who saw the army as an instrument to promote Canadian identity and civic responsibility From his days as a student at the Royal Military College in Kingston to his role as primary architect of First Canadian Army the career of General H D G Crerar is thoroughly examined with a view to considering and reinforcing his place in the history of Canada and its armed forces *Of Time and Infinity* Leon Arceneaux,2005-08-24 We live in a universe that in many respects is a mystery that we are trying to understand Join the author on a voyage a voyage past time into infinity Walk with the author as he discusses the tiniest particles of matter and then reach out into our indescribable universe to Black Holes and Quasars Wonder about other dimensions and other beings Question how microbes and trees communicate Launch your voyage from the beginning of creation and hang on for the ride The purpose of *Of Time and Infinity* is to open the door of the cage where we have been taught to imprison our mind and let it fly free to look beyond the four dimensions

that we are familiar with beyond time into infinity In doing so we may touch the mind of God **Nomad** David
Alexander,2023-08-23 Nomad spelled backwards is Damon which is similar to the name for a self configuring self actuating computer program that runs in the background or throughout the digital space inside a computer Tabor was in the matrix room looking at Armageddon Projected onto one of the walls was an immense blowup of one of the WIRE hardware drug chips the core layer known as the matrix A technician was explaining how this new plug drug to be called Armageddon would be twice as potent as any drug of its type that had been manufactured before We ve squeezed in a million more transistors the tech explained proudly to Tabor A hit of one of these can be incredibly addictive What s the downside Tabor asked the techie And why hasn t production on this line been instituted yet Well answered the tech a little sheepishly there have been some problems in our development cycle I ll show you if you ll permit me He asked Tabor to come with him They went from the projection room into the research wing Here a thick pane of double layered glass gave vantage into a testing area A recording camera was also pointed at the pane of glass staring into the room like Tabor and the tech were doing Inside the room beyond the large glass panel were two shaven headed Motherboarder clones in their flowing white robes The acolytes were sitting on the floor staring at the walls with blank expressions on their faces Everything ready the tech asked a woman in a blue laboratory coat like the one he wore who was seated at a console filled with multiple view screens and flashing digital displays
