

MODULE 3 – PLANNING: THE BASIC FUNCTION OF MANAGEMENT

INTRODUCTION

Benjamin Franklin was known for the following saying, “By failing to prepare, you are preparing to fail”. Setting goals and plans ahead of time is vital for the success of the set objectives. Failing to prepare is like constructing a building with no assurance of its stability and concreteness. Just like in doing a business, establishing such is not like a magic that will just appear in a snap an instead, those successful businesses are products of great minds who plan in ahead of time with the vision of achieving their goals in certain period of time.

In addition, according to the words of Unwick , “Planning is a mental predisposition to do things in orderly way, to think before acting and to act in the light of facts rather than guesses”. In management, planning is considered to be the basic foundation as it sets the criteria on what, when and how it should be done and who is accountable to do a specific task needed in the achievement of the organizational goal.
