GEORGE
MACDONALD

GEORGE
MACDONALD

"There will never be enough editions of *Unspoken Sermons*, one of the greatest and most important books in my life. This edition keeps the same order and contains original notes by George MacDonald, while adding a foreword by Bradley Jerni and introduction by Peter J. Renshaw. The Victorian English will show you there and there is really what needs to happen. The best of books is not known for the speed of its consumption but for the profound depth of its offering."

—Paul Young, author of *The Word*

Whether or not George MacDonald preached within the Assembly in his own time, *Unspoken Sermons*, I am certain that their substance has been widely distributed in churches, living rooms, or local pubs for the use of thousands of readers whose lives and minds have been transformed by them. To read these sermons is to speak directly to a heart that is both thoughtful and liberating readers."

—Fr. John F. Kessel, author of *Deserted for Joy: The Gospel of the Sacred Sublime*

The writings of George MacDonald have inspired a lifetime of love and profound influence on many discipleship since I began reading them. The more I read I highly recommend this new edition, which captures the richness of his writing and his life as a man of faith and love."

—Robert T. Fisher, Editor, *The Bulletin of the New York, U.S. Lewis Society*

George MacDonald: Christian Visionary, Master of C.S. Lewis

George MacDonald, Scottish poet, novelist, and minister, was a mentor to Lewis Carroll, friend of Mark Twain, and inspiration to countless Christians, including C. S. Lewis, celebrated author of *Mere Christianity*, who referred to MacDonald as his "master" and used his *Unspoken Sermons* that it had given readers "indispensable help toward the very acceptance of the Christian faith." Mark Twain, author of *A Week on the Concord and Merrimack Rivers*, wrote that "George MacDonald gives me strength during hours of trouble—pages when I have seen people tempted to deny God."

Teaching Space, Place, and Literature Robert Tally Jr., 2017-10-30 Space place and mapping have become key concepts in literary and cultural studies The transformational effects of postcolonialism globalization and the rise of ever more advanced information technologies helped to push space and spatiality into the foreground as traditional spatial or geographic limits are erased or redrawn *Teaching Space Place and Literature* surveys a broad expanse of literary critical theoretical historical territories as it presents both an introduction to teaching spatial literary studies and an essential guide to scholarly research Divided into sections on key concepts and issues teaching strategies urban spaces place race and gender and spatiality periods and genres this comprehensive book is the ideal way to approach the teaching of space and place in the humanities classroom [Language, Custom and Nation in the 1790s](#) Susan Manly, 2007-01-01 Susan Manly traces the influence of Locke on the poetic experimentation of the 1790s breaking new ground by establishing Maria Edgeworth's place in Locke's anti-authoritarian tradition while contending that the so-called Jacobin poetics of Lyrical

Ballads actually neutralized Locke's radical impulse. Her original and engaging book will appeal to scholars of 1790s radicalism, eighteenth-century linguistic theory, women's writing, and the relations between Britain and Ireland. *The Atlantic Monthly*, 1911. Creation Katherine Govier, 2010-08-13. In a life so well documented, these next few months form a rare gap. It is as if the dark cloud and fog Audubon sails into transcends mere weather and becomes a state of mind. As if Labrador itself or its weather swallows the story. His need to capture the fugitive colours of birds pushed John James Audubon into impossible places, none more dangerous than the fog-ridden coast of Labrador in the summer of 1833. In mesmerizing prose, novelist Katherine Govier explores this fateful summer in the life of a man as untamed as his subjects. Running two steps ahead of the bailiff, alternately praised and reviled by critics, John James Audubon set himself the audacious task of drawing from nature every bird in North America. The result was his masterpiece, *The Birds of America*, which he and his family published and sold to subscribers on both sides of the Atlantic. In June 1833, he enlisted his son and a party of young gentlemen to set sail for nesting grounds no ornithologist had ever seen in the treacherous passage between Newfoundland and Labrador. Fogbound at Little Natashquan, he encounters Captain Henry Wolsey Bayfield of the Royal Navy, whose mission is to chart the labyrinthine coast to make it safe for sea traffic. Bayfield is an exacting and duty-bound aristocrat; the charismatic Audubon spins tales to disguise his dubious parentage and lack of training. Bayfield is a confirmed bachelor; Audubon is a married man in love with his young assistant. But the captain becomes the artist's foil, and his measuring stick, his judge, and oddly, the recipient of his long-held secrets. In this atmospheric and enthralling novel, Katherine Govier recreates the summer in which the world's greatest living bird artist finally understood the paradox embedded in his art: that the act of creation was also an act of destruction. *Until We Meet Again* Margaret Thornton, 2015-04-23. It's the summer of 1914, the last peaceful summer Britain will see for four long years. Tilly Moon has long looked to her elder half-sister Maddy as a role model. Maddy's love of music inspired Tilly to follow in her footsteps, becoming an accomplished pianist. If there is one thing she loves more than playing the piano, though, it is her twin brother's best friend, Dominic. But in the first tentative steps of romance, what they all feared has come to pass: The country is at war. Following the Moon family's triumphs and tragedies during the outbreak of the First World War, Margaret Thornton's heartfelt and highly evocative narrative brings those turbulent times to life, perfectly capturing the horror of war and the devastating sorrow it brought, but also the heroism it engendered in ordinary people. Colour, 1928. The periodical's purpose was to report on contemporary developments in painting from the British Isles and elsewhere; more importantly, each issue contained high-quality colour reproductions of examples of various artists' work. Guardian Dale W. Watts, 2018-04-10. Billy Crains' father went missing without a trace almost a year ago.
