buzz of Bourbon Street and the French Quarter Savor midnight mystery and simple pleasures A personal practical
perspective for travelers and residents alike Comprehensive listings of attractions restaurants and accommodations How to
live thrive in the area from recreation to relocation Countless details on shopping arts entertainment and children s activities

The Lost Subways of North America Jake Berman,2023-11-03 A visual exploration of the transit histories of twenty
three US and Canadian cities Every driver in North America shares one miserable soul sucking universal experience being
stuck in traffic But things weren t always like this Why is it that the mass transit systems of most cities in the United States
and Canada are now utterly inadequate The Lost Subways of North America offers a new way to consider this eternal
question with a strikingly visual and fun journey through past present and unbuilt urban transit Using meticulous archival
research cartographer and artist Jake Berman has successfully plotted maps of old train networks covering twenty three
North American metropolises ranging from New York City s Civil War era plan for a steam powered subway under Fifth
Avenue to the ultramodern automated Vancouver SkyTrain and the thousand mile electric railway system of pre World War II
Los Angeles He takes us through colorful maps of old often forgotten streetcar lines lost ideas for never built transit and
modern rail systems drawing us into the captivating transit histories of US and Canadian cities Berman combines vintage
styling with modern printing technology to create a sweeping visual history of North American public transit and urban
development With more than one hundred original maps accompanied by essays on each city s urban development this book
presents a fascinating look at North American rapid transit systems *The Lincoln Library of Essential Information an Up to
Date Manual for Daily Reference, for Self Instruction, and for General Culture Named in Appreciative Remembrance of
Abraham Lincoln, the Foremost American Exemplar of Self Education* ,1924 Specifications and Drawings of Patents
