Untitled Charlie Parker 2:

Charlie Parker Carl Woideck, 2020-07-16 Saxophonist Charlie Parker 1920 1955 was one of the most innovative and influential jazz musicians of any era As one of the architects of modern jazz often called bebop Charlie Parker has had a profound effect on American music His music reached such a high level of melodic rhythmic and harmonic sophistication that saxophonists and other instrumentalists continue to study it as both a technical challenge and an aesthetic inspiration This revised edition of Charlie Parker His Music and Life has been revised throughout to account for new Charlie Parker scholarship and previously unknown Parker recordings that have emerged since the book's initial publication The volume opens by considering current research on Parker's biography laying out some of the contradictory accounts of his life and setting the chronology straight where possible It then focuses on Parker's music tracing his artistic evolution and major achievements as a jazz improviser The musical discussions and transcribed musical examples include timecodes for easy location in recordings a unique feature to this book

Reading Basquiat Jordana Moore Saggese, 2021-04-06 Before his death at the age of twenty seven Jean Michel Basquiat completed nearly 2 000 works These unique compositions collages of text and gestural painting across a variety of media quickly made Basquiat one of the most important and widely known artists of the 1980s *Reading Basquiat* provides a new approach to understanding the range and impact of this artist's practice as well as its complex relationship to several key artistic and ideological debates of the late twentieth century including the instability of identity the role of appropriation and the boundaries of expressionism Jordana Moore Saggese argues that Basquiat once known as the black Picasso probes not only the boundaries of blackness but also the boundaries of American art Weaving together the artist's interests in painting writing and music this groundbreaking book expands the parameters of aesthetic discourse to consider the parallels Basquiat found among these disciplines in his exploration of the production of meaning Most important *Reading Basquiat* traces the ways in which Basquiat constructed large parts of his identity as a black man as a musician as a painter and as a writer via the manipulation of texts in his own library

Charlie Parker, Composer Henry Martin, 2020 Charlie Parker Composer is the first assessment of a major jazz composer's oeuvre in its entirety Providing analytical discussion of each of Parker's works this study combines music theoretical historical and philosophical perspectives A variety of analytical techniques are brought to bear on Parker's compositions including application of a revised Schenkerian approach to the music that was developed through the author's prior publications After a review of Parker's life emphasizing his musical training and involvement in composition the book proceeds by considering the types of Parker pieces as categorized by overall form and harmony and the amount of preplanned music they contain The historical circumstances of each piece are reviewed and in some cases sources of the ideas of the most important tunes are explored The introduction includes a discussion of the ontology of a jazz composition The view is advanced that the Western concept of a music composition needs to be expanded to embrace practices typical of jazz composition and forming a

significant part of Parker's work. While focusing on Parker's more conventional tunes, the book also considers his large-scale melodic formulas. Two formulas in particular are arguably compositional since they are repeated in subsequent performances of the same piece. As part of the research for this book, all of Parker's copyright submissions to the Library of Congress were examined and photographed. The book reproduces the four of them that were copied by Parker himself. *Black World/Negro Digest*, 1974-10. Founded in 1943, *Negro Digest* later *Black World* was the publication that launched Johnson Publishing. During the most turbulent years of the civil rights movement, *Negro Digest* *Black World* served as a critical vehicle for political thought for supporters of the movement. **Charlie Parker** Piet Koster, Dick M. Bakker, 1974. [The John Coltrane Reference](#) Lewis Porter, Chris DeVito, David Wild, Yasuhiro Fujioka, Wolf Schmalzer, 2013-04-26. The BBC's Jazz Book of the Year for 2008. Few jazz musicians have had the lasting influence or attracted as much scholarly study as John Coltrane. Yet despite dozens of books, hundreds of articles, and his own recorded legacy, the facts about Coltrane's life and work have never been definitely established. Well-known Coltrane biographer and jazz educator Lewis Porter has assembled an international team of scholars to write *The John Coltrane Reference*, an indispensable guide to the life and music of John Coltrane. *The John Coltrane Reference* features a day-by-day chronology which extends from 1926-1967, detailing Coltrane's early years and every live performance given by Coltrane as either a sideman or leader, and a discography offering full session information from the first year of recordings (1946) to the last (1967). The appendices list every film and television appearance as well as every recorded interview. Richly illustrated with over 250 album covers and photos from the collection of Yasuhiro Fujioka, *The John Coltrane Reference* will find a place in every major library supporting a jazz studies program as well as John Coltrane enthusiasts. **Jazz** Walter Bruyninckx, 1985. **Speculative Light** Amy J. Elias, 2024-12-13. Over the course of a thirty-eight year friendship, painter Beauford Delaney and writer James Baldwin shared their private lives and shaped one another's artistic values. *Speculative Light* brings together scholars, critics, and artists who analyze the stylistic and historical import of Delaney's and Baldwin's works and examine how this friendship fundamentally shaped the pair's ideas about art and life. The book's contributors explore how the two men, sharing identities as queer Black American artists first in New York and then as expatriates in France, created a speculative space in their work to think about more just and creative Black futures. Essay topics and issues range from masculinity, queerness, Blackness, and Americanness to the relationship between jazz, painting, and writing. Throughout, the contributors establish a positive history for Delaney's and Baldwin's arts that refuses a subordinate role to white artists of the modernist avant-garde. Ultimately, *Speculative Light* demonstrates that Delaney and Baldwin's bond provides revolutionary grounds for theorizing contemporary Black art and life.
