The Knowledge Gap Natalie Wexler, 2019-08-06 Essential reading for teachers education administrators and policymakers alike STARRED Library Journal The untold story of the root cause of America s education crisis It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country s frustrating lack of progress when it comes to providing every child with a quality education The problem wasn t one of the usual scapegoats lazy teachers shoddy facilities lack of accountability It was something no one was talking about the elementary school curriculum s intense focus on decontextualized reading comprehension skills at the expense of actual knowledge In the tradition of Dale Russakoff s *The Prize* and Dana Goldstein s *The Teacher Wars* Wexler brings together history research and

compelling characters to pull back the curtain on this fundamental flaw in our education system one that fellow reformers journalists and policymakers have long overlooked and of which the general public including many parents remains unaware But The Knowledge Gap isn't just a story of what schools have gotten so wrong it also follows innovative educators who are in the process of shedding their deeply ingrained habits and describes the rewards that have come along students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed If we truly want to fix our education system and unlock the potential of our neediest children we have no choice but to pay attention

Education at a Glance 2023 Sources, Methodologies and Technical Notes OECD,2023-09-12 This publication provides additional reference material for Education at a Glance 2023 the authoritative source for data on the state of education around the world It provides guidance on the data and methodology used to calculate each indicator It also contains references to the sources and specific notes for each country *Financialising City Statecraft and Infrastructure* Andy Pike,Peter O'Brien,Tom Strickland,John Tomaney,2019 Financialising City Statecraft and Infrastructure addresses the struggles of national and local states to fund finance and govern urban infrastructure It develops fresh thinking on financialisation and city statecraft to explain the socially and spatially uneven mixing of managerial entrepreneurial and financialised city governance in austerity and limited decentralisation across England As urban infrastructure fixes for the London global city region risk undermining national rebalancing efforts in the UK city statecraft in the rest of the country is having uneasily to combine speculation risk taking and prospective venturing with co ordination planning and regulation

Displacing the "Ordinary" City Evelyn D. Ravuri,2025-11-13 For decades gentrification research has predominantly focused on large cities Arguing that gentrification has occurred throughout the urban hierarchy Ravuri fills this gap in the literature by analyzing gentrification and displacement patterns in twelve medium sized cities spread across the four census regions of the US Museums and the Working Class Adele Chynoweth,2021-09-28 Museums and the Working Class is the first book to take an intersectional and international approach to the issues of economic diversity and class within the field of museum studies Bringing together 16 contributors from eight countries this book has emerged from the significant global dialogue concerning museums obligation to be inclusive participate in meaningful engagement and advocate for social change As part of the push for museums to be more accessible and inclusive museums have been challenged to critically examine their power relationships and how these are played out in what they collect whose stories they exhibit and who is made to feel welcome in their halls This volume will further this professional and academic debate through the discussion of class Contributions to the book will also reinforce the importance of the working class not only in collection and exhibition policy but also for the organisational psychology of institutions Museums and the Working Class is essential reading for scholars and students of museum gallery and heritage studies cultural studies sociology labour studies and history It will also serve as a source of honest and research led inspiration to practitioners working in museums galleries libraries archives and

at heritage sites around the world *Valuing Development, Environment and Conservation* Sarah Bracking, Aurora Fredriksen, Sian Sullivan, Philip Woodhouse, 2018-10-17 Policy makers are increasingly trying to assign economic values to areas such as ecologies the atmosphere even human lives These new values assigned to areas previously considered outside of economic systems often act to qualify alter or replace former non pecuniary values *Valuing Development Environment and Conservation* looks to explore the complex interdependencies contradictions and trade offs that can take place between economic values and the social environmental political and ethical systems that inform non monetary valuation processes Using rich empirical material the book explores the processes of valuation their components calculative technologies and outcomes in different social ecological and conservation domains The book gives reasons for why economic calculation tends to dominate in practice but also presents new insights on how the disobedient materiality of things and the ingenuity of human and non human agencies can combine and frustrate the dominant economic models within calculative processes This book highlights the tension between on the one hand a dominant model that emphasises technical and universalising criteria and on the other hand valuation practice in specific local contexts which is more likely to negotiate criteria that are plural incommensurable and political This book is perfect for researchers and students within development studies environment geography politics sociology and anthropology who are looking for new insights into how processes of valuation take place in the 21st century and with what consequential outcomes Evaluating the Obama Presidency Meena Bose, Paul Fritz, 2024-07-22 In 2007 and 2008 Barack Obama ran for president with a message of a shared purpose uniting all Americans and was elected with expectations that he would usher in a new national culture under an approach grounded in public engagement that would transcend partisan divisions But in an institutional system designed for incremental and contested policy making governance enacting these transformational ambitions proved to be far more difficult than anticipated This innovative volume assesses the legacy of President Obama with a conceptual focus on the challenge of meeting his goals with the realities of governing A diverse group of political science history and communication studies experts systematically examines Obama s performance accomplishments and shortcomings through the lens of the expectations gap the tensions and obstacles of translating campaign promises into policies The wide representative set of case studies address campaigning and coalition building party polarization presidential communication executive power leadership and decision making and domestic and foreign policy With original and deep analysis these scholars make a unique enduring contribution to understanding the Obama presidency the office of the president and indeed American politics This insightful accessible book will be of great interest to students and scholars of the presidency political communication rhetoric and broadly across US government and democracy The Many Voices of Pilgrimage and Reconciliation. CABI Religious Tourism and Pilgrimage Series Ian S McIntosh, Lesley D Harman, 2017-10-27 Reviewing peace and reconciliation secular pilgrimages and international perspectives on sacred journeys this book offers the reader an

opportunity to encounter multiple voices and viewpoints on one of the most ancient practices of humankind With an estimated third of all international travellers now undertaking journeys anticipating an aspect of transformation the hallmark of pilgrimage this book includes both spiritual and non spiritual voyages such as journeys of self therapy mindfulness and personal growth An innovative and engaging addition to the pilgrimage literature this book provides an important resource for researchers of religious tourism and related subjects *Ghosts of the Somme* Jonathan Evershed, 2018-05-30 Once assumed to be a driver or even cause of conflict commemoration during Ireland's Decade of Centenaries came to occupy a central place in peacebuilding efforts The inclusive and cross communal reorientation of commemoration particularly of the First World War has been widely heralded as signifying new forms of reconciliation and a greater maturity in relationships between Ireland and the UK and between Unionists and Nationalists in Northern Ireland In this study Jonathan Evershed interrogates the particular and implicitly political claims about the nature of history memory and commemoration that define and sustain these assertions and explores some of the hidden and countervailing transcripts that underwrite and disrupt them Drawing on two years of ethnographic fieldwork conducted in Belfast Evershed explores Ulster Loyalist commemoration of the Battle of the Somme its conflicted politics and its confrontation with official commemorative discourse and practice during the Decade of Centenaries He investigates how and why the myriad social political cultural and economic changes that have defined postconflict Northern Ireland have been experienced by Loyalists as a culture war and how commemoration is the means by which they confront and challenge the perceived erosion of their identity He reveals the ways in which this brings Loyalists into conflict not only with the politics of Irish Nationalism but with the peacebuilding state and crucially with each other He demonstrates how commemoration works to reproduce the intracommunal conflicts that it claims to have overcome and interrogates its nuanced and perhaps counterintuitive function in conflict transformation

Routledge Handbook of Natural Resource Governance in Africa Hany Besada, Cristina D'Alessandro, Tefsi Golla, 2024-03-13 The Routledge Handbook of Natural Resource Governance in Africa provides a comprehensive analysis of African natural resource governance stretching across the continent and encompassing water land extractive resources and mining Africa's natural resources are not only crucial for the continent from an economic environmental and political perspective but they are also of significant geopolitical importance with direct implication for meeting the global challenges outlined in the Sustainable Development Goals Whether an abundance of natural resources proves to be a curse or a blessing depends on the nature extent and outcome of the effort and experience of an individual country in governing and managing such assets It is with this in mind that this ground breaking handbook brings together experts from across the field of natural resource development to reflect on the varied regime types and paradigms within the continent's natural resource sectors the specific challenges they face and their role within global value chains The book first considers governance for sustainable development and discourses of land and development financing before going on to investigate the regulatory and policy

impacts and socioeconomic implications of natural resource management Finally the Handbook situates the African continent within the emerging global energy transition examining trends in South South cooperation and new frontiers for the harnessing of critical tools in a sustainable future for natural resource governance and management Overall the Handbook s in depth analysis provides a unique blend of realism and optimism highlighting the importance of building a new sustainable African resource narrative for shared prosperity The handbook will be an essential read for researchers and policy makers with an interest in sustainable development and natural resource governance in Africa

Gastronomy and Urban Space

Andrzej Kowalczyk,Marta Derek,2020-01-20 This book focuses on the relationship between gastronomy and urban space It highlights the intrinsic role of eating establishments and the gastronomy industry for cities by assessing their huge impacts on urban changes and discussing some of the challenges posed by new developments Written by authors with a background in geography it starts by discussing theoretical aspects of studies on gastronomy in urban space to place the subject in the broader context of urban geography Covering both changes and challenges in gastronomy in urban space it presents a wide range of problems which are described and analysed using various case studies from Europe and other parts of the world
