

Being Student of University of California

I am a middle aged youth in my early twenties from a humbled background and I have been looking forward to study in one of the many campuses of University of California. I have been keenly following university of California and its academic achievement with has made fascinated me a lot. It was my dream to study in this university since I was young and when I came across this scholarship opportunity it was as if my dreams had came true. I am humbly requesting to consider me in this golden chance. I am certainly sure that the university will like my extraordinary characters and I promise to uphold the university academic integrity as well as it moral expectation. I posses diversified talents that will be helpful in marketing the university across the entire globe. I have also had various world records that so far at this tender age of 19 years achieved. Being from a male dominated background that does not value the girl child, at the age of 12 years I started a campaign that was aimed at fighting for gender equality to ensure the girl child is not neglected in the society.

I have also done various projects that have gained national recognition in my country. One of the major projects led to innovation of a computerized devise of monitoring the movement of endangered wild animal species to reduce their vulnerability to illegal poaching. The endangered species such as the rhino and elephants have to be fitted with microchips which are connected to wildlife headquarters to boost their surveillance activities hence easily identifying any threatening poachers. This device also assisted in keeping constant census of this species. The project was derived by my love for nature as I saw biodiversity was gradually depredating through illegal poaching of the wild animals in the park. As I had earlier mentioned, I am multi-talented. I am talented in swimming, singing, playing football and riding. Am competitive enough to use these talents to represent the university in various competitions and bag various trophies for the university. I am talented in both song writing, singing as well as in performing art, therefore by being admitted to university of California I will be of great importance to the university drama and music club.

I play for my country's football national team. Therefore, with the best coaching and mentoring as well as exposure that I believe the university offers I will believe enable the university football team have remarkable achie
