Assessing Academic Literacy in a Multilingual Society Albert Weideman, John Read, Theo du Plessis, 2020-11-02 South African universities face major challenges in meeting the needs of their students in the area of academic language and literacy The dominant medium of instruction in the universities is English and to a much lesser extent Afrikaans but only a minority of the national population are native speakers of these languages Nine other languages can be media of instruction in schools which makes the transition to tertiary education difficult enough in itself for students from

these schools The focus of this book is on procedures for assessing the academic language and literacy levels and needs of students not in order to exclude students from higher education but rather to identify those who would benefit from further development of their ability in order to undertake their degree studies successfully The volume also aims to bring the innovative solutions designed by South African educators to a wider international audience **Higher Education**

Pathways Ashwin, Paul, Case, Jennifer M., 2018-12-14 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues The Geography of South Africa Jasper Knight, Christian M. Rogerson, 2018-10-03

This edited collection examines contemporary directions in geographical research on South Africa It encompasses a cross section of selected themes of critical importance not only to the discipline of Geography in South Africa but also of relevance to other areas of the Global South All chapters are original contributions providing a state of the art research baseline on key themes in physical human and environmental geography and in understanding the changing geographical landscapes of modern South Africa These contributions set the scene for an understanding of the relationships between modern South Africa and the wider contemporary world including issues of sustainable development and growth in the Global South

The Architecture of Illegal Markets Jens Beckert, Matías Dewey, 2017-07-26 From illegal drugs stolen artwork and forged trademarks to fraud in financial markets the phenomenon of illegality in market exchanges is pervasive Illegal markets have great economic significance have relevant social and political consequences and shape economic and political structures Despite the importance of illegality in the economy the field of economic sociology unquestioningly accepts the premise that the institutional structures and exchanges taking place in markets are law abiding in nature This volume makes a contribution to changing this Questions that stand at the centre of the chapters are What are the interfaces between legal and illegal markets How do demand and supply in illegal markets interact What role do criminal organizations play in illegal markets What is the relationship between illegality and governments Is illegality a phenomenon central to capitalism Anchored in economic sociology this book contributes to the analysis and understanding of market exchanges in conditions of illegality from a perspective that focuses on the social organization of markets Offering both theoretical reflections and case

studies the chapters assembled in the volume address the consequences of the illegal production distribution and consumption of products for the architecture of markets It also focuses on the underlying causes and the political and social concerns stemming from the infringement of the law
