Language and Institutional Identity in the Post-Apartheid South African Higher Education Leketi Makalela, 2022-03-21 This book examines the intersections between education identity formation and language in post apartheid South Africa with specific attention to higher education It does so against the backdrop of the core argument that the sector plays a critical role in shaping re producing and perpetuating sectoral class sub national and national identities which in turn in the peculiar South African setting are almost invariably analogous with the historical fault lines determined and dictated by language as a marker of ethnic and racial identity The chapters in the book grapple with the nuances related to these intersections in the understanding that higher education language policies overt and or covert largely structure institutional cultures or what has been described as curriculum in higher education institutions Together the chapters examine the roles played by higher education by language policies and by the intersections of these policies and ethnolinguistic identities in either constructing and perpetuating or deconstructing ethnolinguistic identities upon which the sector was founded The introductory chapter lays out the background to the entire book with an emphasis on the policy and practice perspectives on the intersections The middle chapters describe the so called White Universities Black Universities and Middle Man Minorities Universities The final chapter maps out future directions of the discourses on language and identity formation in South Africa s higher education

The ANC and the Liberation Struggle in South Africa Thula Simpson, 2018-10-03 The history of the ANC which is the oldest liberation movement on the African continent is one that has generated a great deal of interest amongst historians in recent years Gone are the days when the history of African nationalism could be relegated to the margins of the

study of the South African past Instead with the ANC having ascended to the helm of political power a position it has maintained for over twenty years there can be no question that its history occupies an important and permanent place in the history of the nation This volume gathers together some of the most important contributions to the literature on the ANC's role in South Africa's struggle for liberation Besides important themes such as gender ethnicity and healthcare contributions from leading historians also address why the ANC decided to engage in armed struggle what role the South African Communist Party played in making this decision how the ANC External Mission contributed to the upsurge of mass protest in South Africa in the 1970s and 1980s and the ANC's contribution relative to the other components of the liberation struggle in ensuring the eventual demise of the old racial order The chapters in this book were originally published in the South African Historical Journal the Journal of Southern African Studies and African Studies

The Palgrave Handbook of Africa and the Changing Global Order Samuel Ojo Oloruntoba, Toyin Falola, 2021-11-22 This handbook fills a large gap in the current knowledge about the critical role of Africa in the changing global order By connecting the past present and future in a continuum that shows the paradox of existence for over one billion people the book underlines the centrality of the African continent to global knowledge production the global economy global security and global creativity Bringing together perspectives from top Africa scholars it actively dispels myths of the continent as just a passive recipient of external influences presenting instead an image of an active global agent that astutely projects soft power Unlike previous handbooks this book offers an eclectic mix of historical contemporary and interdisciplinary approaches that allow for a more holistic view of the many aspects of Africa's relations with the world

Liber Amicorum Marius Paul Olivier, Letlhokwa George Mpedi, Evance Kalula, 2020-12-10 Though some may categorise this work as a memorial publication this book of friends is truly a celebratory publication by colleagues from Africa and beyond who had the privilege to know Edwell and Mathias personally It is a tribute to the life and work of two individuals that each made a unique contribution to social justice law and its development As evidenced by the Tributes and Lists of Publications contained herein both Edwell and Nyenti as they were colloquially known were productive scholars but they leave a legacy that extends beyond the academic realm to that of friendship and shared humanity

Africa and the Global System of Capital Accumulation Emmanuel O Oritsejafor, Allan D. Cooper, 2021-04-17 Africa and the Global System of Capital Accumulation offers a groundbreaking analysis of the strategic role Africa plays in the global capitalist economy The exploitation of Africa's rich resources as well as its labor make it possible for major world powers to sustain their authority over their own middle class populations while rewarding African collaborators in leadership positions for subjecting their populations into poverty and desperation Middle class obsessions such as computers mobile phones cars and the petroleum that fuels them diamonds chocolate all of these products require African resources that are typically obtained by child or slave labor that helps to generate billionaires out of foreign investors while impoverishing most Africans Oritsejafor and Cooper demonstrate that primitive accumulation

believed by both Adam Smith and Karl Marx to be a process that precedes capitalism is actually an integral part of capitalism. They also validate the thesis that capitalism incorporates racism as an organizing tool for the exploitation of labor in Africa and on a global scale. Case studies are presented on Nigeria, Cote d'Ivoire, Ghana, Liberia, Congo, Tanzania, Somalia, Angola, Namibia, Sao Tome and Principe, and South Sudan. There are also chapters analyzing the interests of Russia and China in Africa. This book will be of interest to students and scholars of African politics, development, and economics.

Religion, Women's Health Rights, and Sustainable Development in Zimbabwe: Volume 1 Sophia Chirongoma, Molly Manyonganise, Ezra Chitando, 2022-08-26. This volume brings to the fore the interface of religion, women's sexual reproductive health and rights (SRHR), and the sustainable development goals (SDGs) in Zimbabwe. It emphasizes that empowering African women is a pivotal pillar for attaining sustainable development. Contributors discuss the need for implementing structural changes as a prerequisite for social progress and development to occur in Southern Africa. They interrogate the extent to which religious beliefs and practices either promote or impede women's SRHR. The contributors also proffer several ways in which

addressing the themes of health for all and equality for all women and girls can make a meaningful contribution towards the fulfillment of the goals set for Agenda 2030

Tourism and Development in Sub-Saharan Africa

Marina Novelli, 2015-09-16 Over the past 20 years the perception of tourism as an effective contributor to socio economic development in the developing world has propagated with many viewing tourism as a provider for poverty alleviation and towards other UN Millennium Development Goals Over the same period readers have become familiar with the paradoxes complexities and inequalities of tourism in relation to development wealth creation growth redistribution governance and hosts guests relationships This volume further extends this critical debate with a much needed cohesive publication on Sub Sahara Africa SSA In an era of fluctuating tourist arrivals at global level the growth of tourism in SSA requires deeper consideration in terms of its inconsistent and questionable implications at local level Taking as a central theme the debate on whether tourism should be used in development efforts this book examines the way in which tourism has controversially become the way forward to development in several SSA locations and assesses bottlenecks to sustainable development as well as dilemmas and challenges faced by those SSA destinations seeking to achieve development through tourism It offers an explicit set of chapters adopting a multi disciplinary approach drawing upon tourism studies human geography sociology anthropology political economy development and environmental studies and integrates case studies authored by local African practitioners and academics to produce a book that gave voice to local experts on local realities Combining an overview of key theories concepts contemporary issues and debates as well as practical insights from a wide range of regions in SSA this book will be a valuable resource for those investigating the role of tourism in development

Resurgence and Revalorization of Indigenous

Knowledge Systems in the Contemporary Society Masenya, Tlou Maggie, Bhuda, Monicca Thulisile, 2025-05-08

Indigenous knowledge is the comprehensive body of knowledge that locals accumulate from life experience unofficial research and close observation of their surroundings within a particular culture It connects the entirety of nature and the

components that sustain life to the survival of every human being. Additionally, it gives specific community conditions in respect to the environment and offers workable answers to people's problems. As a result, by preserving indigenous knowledge systems, indigenous knowledge may provide value to the community by offering innovative solutions to social, environmental, and economic issues.

Resurgence and Revalorization of Indigenous Knowledge Systems in the Contemporary Society explores the role of indigenous knowledge in the contemporary society. Furthermore, it discusses the importance of preserving and sharing indigenous knowledge for community development. Covering topics such as epistemic diversity, traditional load, and indigenous curricula, this book is an excellent resource for sociologists, policymakers, government officials, environmentalists, educators, records managers, professionals, researchers, scholars, academicians, and more.

Aspects of Pentecostal Christianity in Zimbabwe Lovemore Togarasei, 2018-07-13. This edited book offers an engaging portrait into a vital religious movement inside this southern Africa country. It tells the story of a community of faith that is often overlooked in the region. The authors include leading scholars of religion, theology, and politics from Botswana and Zimbabwe. The insights they present will help readers understand the place of Pentecostal Christianity in this land of many religions. The chapters detail a history of the movement from its inception to the present. Chapters focus on specific Pentecostal churches, general doctrine of the movement, and the movement's contribution to the country. The writing is deeply informed and features deep historical, theological, and sociological analysis throughout. Readers will also learn about the socio-political and economic relevance of the faith in Zimbabwe, as well as the theoretical and methodological implications raised by the Pentecostalisation of society. The volume will serve as a resource book both for teaching and for those doing research on various aspects of the Zimbabwean society, past, present, and future. It will be a good resource for those in schools and university and college departments of religious studies, theology, history, politics, sociology, social anthropology, and related studies. Over and above academic and research readers, the book will also be very useful to government policy makers, non-governmental organizations, and civic societies who have the Church as an important stakeholder.

The Palgrave Handbook of African Politics, Governance and Development Samuel Ojo Oloruntoba, Toyin Falola, 2017-10-10. This handbook constitutes a single collection of well-researched articles and essays on African politics, governance, and development from the pre-colonial through colonial to the post-colonial eras. Over the course of these interconnected periods, African politics have evolved with varied experiences across different parts of the continent. As politics is embedded both in the economy and the society, Africa has witnessed some changes in politics, economics, demography, and its relations with the world in ways that requires in-depth analysis. This work provides an opportunity for old and new scholars to engage in the universe of the debate around African politics, governance, and development, and will serve as a ready reference material for students, researchers, policy makers, and investors that are concerned with these issues.
