One Korea Tae-Hwan Kwak, Seung-Ho Joo, 2016-11-10 On the Korean peninsula there exist two sovereign states the Republic of Korea ROK or South Korea and the Democratic People's Republic of Korea DPRK or North Korea both of whom hold separate membership at the United Nations This book discusses the construction of one Korea and highlights the potential benefits of unification for the Koreans and the international community Arguing that Korean unification is intrinsically international in nature the authors outline how the process and outcome would impact upon the policies of the four major powers the U S China Russia and Japan In addition the authors highlight the possible far reaching repercussions of unification on the political and economic dynamics of Northeast Asia Making a case for the two Koreas and interested powers to plan and orchestrate their acts for sustained peace and gradual unification on the Korean peninsula this book examines the Korean question and the related issue of peace building in Northeast Asia from a global perspective It will be of interest to students and scholars researching politics and international relations

On Revolutions Colin J. Beck, Mlada Bukovansky, George Lawson, Erica Chenoweth, Sharon Erickson Nepstad, Daniel P. Ritter, 2022 A cutting edge appraisal of revolution and its future On Revolutions co authored by six prominent scholars of revolutions reinvigorates revolutionary studies for the twenty first century Integrating insights from diverse fields including civil resistance studies international relations social movements and terrorism they offer new ways of thinking about persistent problems in the study of revolution This book outlines an approach that reaches beyond the common categorical distinctions As the authors argue revolutions are not just political or social but they feature many types of change Structure and agency are not mutually distinct they are mutually reinforcing processes Contention is not just violent or nonviolent but it is usually a mix of both Revolutions do not just succeed or fail but they achieve and simultaneously fall short And causal conditions are not just domestic or international but instead they are dependent on the interplay of each Demonstrating the merits of this approach through a wide range of cases the authors explore new opportunities for conceptual thinking about revolution provide methodological advice and engage with the ethical issues that exist at the nexus of scholarship and activism

The Laws and the Land Daniel Rück, 2021-09-15 As the settler state of Canada expanded into Indigenous lands settlers dispossessed Indigenous people and undermined their sovereignty as nations One site of invasion was Kahnaw ke a Kanien keh ka community and part of the Rotinonhsini confederacy The Laws and the Land delineates the establishment of a settler colonial relationship from early contact ways of sharing land land practices under Kahnaw ke law the establishment of modern Kahnaw ke in the context of French imperial claims intensifying colonial invasions under British rule and ultimately the Canadian invasion in the guise of the Indian Act private property and coercive pressure to assimilate What Daniel Rück describes is an invasion spearheaded by bureaucrats Indian agents politicians surveyors and entrepreneurs This original meticulously researched book is deeply connected to larger issues of human relations with environments communal and individual ways of relating to land legal pluralism historical racism and inequality and Indigenous resurgence

Capital's Terrorists Chad E. Pearson, 2022-10-05 Through the late nineteenth and early twentieth centuries employers and powerful individuals deployed a variety of tactics to control

ordinary people as they sought to secure power in and out of workplaces In the face of worker resistance employers and their allies collaborated to use a variety of extralegal repressive techniques including whippings kidnappings drive out campaigns incarcerations arsons hangings and shootings as well as less overtly illegal tactics such as shutting down meetings barring speakers from lecturing through blacklists and book burning This book draws together the groups engaged in this kind of violence reimagining the original Ku Klux Klan various Law and Order Leagues Stockgrowers organizations and Citizens Alliances as employers associations driven by unambiguous economic and managerial interests Though usually discussed separately all of these groups used similar language to tar their lower class challengers former slaves rustlers homesteaders of modest means populists political radicals and striking workers as menacing villains and deployed comparable tactics to suppress them And perhaps most notably spokespersons for these respective organizations justified their actions by insisting that they were committed to upholding law and order Ultimately this book suggests that the birth of law and order politics as we know it can be found in nineteenth century campaigns of organized terror against an assortment of ordinary people across racial lines conducted by Klansmen lawmen vigilantes and union busters

Homelands and Empires Jeffers Lennox, 2017-05-08 The period from 1690 to 1763 was a time of intense territorial competition during which Indigenous peoples remained a dominant force British Nova Scotia and French Acadia were imaginary places that administrators hoped to graft over the ancestral homelands of the Mi kmaq Wulstukwiuk Passamaquoddy and Abenaki peoples *Homelands and Empires* is the inaugural volume in the University of Toronto Press's Studies in Atlantic Canada History In this deeply researched and engagingly argued work Jeffers Lennox reconfigures our general understanding of how Indigenous peoples imperial forces and settlers competed for space in northeastern North America before the British conquest in 1763 Lennox's judicious investigation of official correspondence treaties newspapers and magazines diaries and maps reveals a locally developed system of accommodation that promoted peaceful interactions but enabled violent reprisals when agreements were broken This outstanding contribution to scholarship on early North America questions the nature and practice of imperial expansion in the face of Indigenous territorial strength

Reconstructing the Landscapes of Slavery Dale W. Tomich, Rafael de Bivar Marquese, Carlos Venegas Fornias, Reinaldo Funes Monzote, 2021-03-19 Assessing a unique collection of more than eighty images this innovative study of visual culture reveals the productive organization of plantation landscapes in the nineteenth century Atlantic world These landscapes from cotton fields in the Lower Mississippi Valley to sugar plantations in western Cuba and coffee plantations in Brazil's Para ba Valley demonstrate how the restructuring of the capitalist world economy led to the formation of new zones of commodity production By extension these environments radically transformed slave labor and the role such labor played in the expansion of the global economy Artists and mapmakers documented in surprising detail how the physical organization of the landscape itself made possible the increased exploitation of enslaved labor Reading these images today one sees how technologies combined with evolving conceptions of plantation management that reduced enslaved workers to black bodies Planter control of enslaved people's lives and labor maximized the production of each crop in a calculated system of production Nature too was affected the massive increase in the scale of production and new systems of cultivation increased the land's output Responding to world economic conditions the replication of slave based commodity production became integral to the creation of mass markets for cotton sugar and coffee which remain at the center of contemporary life
