University Of Pretoria Postgraduate Prospectus 2013:

Theology at the University of Pretoria - 100 years: (1917-2017) Past, present and future Dirk J. Human, Johan Buitendag, Jaco Beyers, Gerda E. de Villiers, Wim A. Dreyer, Yolanda Dreyer, Stephanus F. de Beer, Willem Fourie, Ananda Geyser-Fouché, Alphonso Groenewald, Hanré Janse van Rensburg, E.E. (Sias) Meyer, Johann A. Meylahn, Sampson S. (Sam) Ndogo, Cornelius J. Niemandt, Jerry Pillay, Corneliu C. Simut, Andries G. van Aarde, Attie S. van Niekerk, Daniël P. Veldsman, Casparus J. (Cas) Wepener, Tanya van Wyk, 2017-12-01 In this scholarly book a century's theology presented by the Faculty of Theology at the University of Pretoria is celebrated. All authors are academics or research associates of the University of Pretoria. A historical and futuristic overview with perspectives from the past, present and future are examined. The past is not only portrayed by means of societal and scientific contributions and achievements but the authors also reflect on malfunctions, ill behaviour and disappointments of church and theology presented at the University of Pretoria within the South African context over 100 years. The book commences with a chapter in which institutional transformation is discussed as well as the changes that demonstrate the role of the Faculty of Theology within a secular state university. It includes an explanation of the importance of research impact, research productivity and research reputation. Among various discipline indicators, the category Theology and Religion Studies plays a significant role in the measurement of world university rankings of universities. With regard to scientific and encyclopaedic content, the book focuses on the theological disciplines presented in the academic curricula: first the biblical sciences (Old and New Testament Studies), then the historical disciplines (Systematic Theology, Church History and Church Polity) and finally the practical disciplines (Practical Theology, Science of Religion and Missiology). The role of Religion Studies in a newly established Faculty of Theology and Religion not only enhances the diversity of interreligious tolerance and an atmosphere of dialogue but it serves as a platform to interconnect with the fields of Humanities, Social and Natural Sciences and other academic disciplines. In the conclusive part of the book, contributions highlight the role of the centres in the Faculty: Centre for Contextual Ministry and Centre for Sustainable Communities, as well as the continental and international footprints of the two theological journals whose title ownership is attached to the Faculty of Theology of the University of Pretoria, namely HTS Theological Studies and Verbum et Ecclesia. The methodology comprised in all the chapters amounts to a literature and contextual study. Since the book describes the histories of formal academic departments, these texts are of a descriptive, interpretative and critical character. Reference is made in some chapters to exegetical methods like the historical critical methods. The target audience of the book is academic scholars and theologians who specialise in the different fields of Theology, the Humanities and other Social Sciences. The book is also accessible to scholars of other academic disciplines outside these disciplines. The book comprises original research by several authors and is not plagiarised from other scientific publications of this nature. Pushing Boundaries in Postgraduate Supervision Eli Bitzer, Ruth Albertyn, Liezel Frick, Barbara Grant, Frances Kelly, 2014-04-01 This book is a very

important contribution to the growing body of work on postgraduate and specifically doctoral education I find the metaphor of pushing boundaries to be very appropriate as it suggests a field of study and a range of behaviours and institutional organisational approaches to postgraduate education that are dynamic and characterised by fluidity creativity and challenge Readers will gain new theoretical perspectives ideas for improved practice and fresh perspectives on boundaries and pressing issues that deserve to be pushed and conceptualised in new ways Professor Ann Austin Higher Adult and Lifelong Education Michigan State University
