Buzz Book Carolyn C. Wise, Stephanie Hauser, 2007-03-26 Many guides claim to offer an insider view of top undergraduate programs but no publisher understands insider information like Vault and none of these guides provides the rich detail that Vault's new guide does. [A Mom's Guide Applying for Admission to University of California Campuses \(for Gen Z'ers\)](#) Joy Bagnol-Estudillo, 2021-07-26 As seen on Yahoo News. After becoming an accidental expert in all things University of California admissions, author Joy Bagnol-Estudillo recently released her tell-all roadmap to an acceptance letter: *A Mom's Guide Applying for Admission to University of California Campuses*. With post-COVID information and updated statistics, this special edition is specifically tailored to Generation Z students and their parents. *A Mom's Guide Applying for Admission to University of California Campuses* is more than just a handbook on the application process. Instead, Bagnol-Estudillo dissects each stage and offers actionable insights to improve applicants' chances of success. From the removal of the SAT/ACT scores to answering Personal Insight Questions (PIQs), this guide is designed to educate students about best practices and help them make informed decisions during a pivotal moment in their lives. Bagnol-Estudillo's methods may be insightfully unconventional, but they are not unproven. After all, three of her children were accepted to the University of California Berkeley; she realized that there needed to be far more substance to a successful application than just GPA and test scores. In fact, Bagnol-Estudillo challenges many college-related myths, like the incorrect assumption that numbers matter over all else, and that she explains in detail it's a numbers game in getting accepted. Additionally, she advises that what and how you say it in your application, using context, are what adds value: admissions lingo, talk to your application. With 2021 admission rates plummeting, the University of California system is becoming increasingly competitive. UCLA set a record for its all-time lowest acceptance rate at 10.7% of freshman applicants. Parents and Generation Z students who are considering a University of California school can tremendously increase their odds of success with this insightful, easy, and quick-to-read breakdown of the application process. *A Mom's Guide Applying for Admission to University of California Campuses* is meticulously researched and updated for the modern Gen Z student. While other college guides offer generic advice or outdated personal essay prompts and recommendations, Bagnol-Estudillo has taken great care to include relevant advice like being a social media influencer on TikTok and Twitch is a very unique activity to list as your ECs. She offers suggestions that will appeal to Generation Z students who will be applying to colleges this fall. This is the only book on the market that specifically targeted Generation Z, broadly defined as those born between 1997 and 2012. As the University of California application period, November 1-30, 2021, approaches for the coming year, *A Mom's Guide Applying for Admission to University of California Campuses* is an essential reference guide to any college planning session. *Complete Guide to College Application Essays* The Princeton Review, 2021-01-12 THE COLLEGE APPLICATION ESSAY MADE EASY
