Unwelcome Jonathan Malm, 2014-10-08 Walking into a church for the first time can be scary Are you making your first time guests feel welcome Or are you driving them away unintentionally with bad signage reserved seating clunky communication and more In this practical book Jonathan Malm examines 50 ways churches make first time visitors feel unwelcome The transgressions range from insider lingo to awkward transitions a cold congregation to the over eager greeter With all 50 church faux pas Jonathan suggests ways to not only fix the problem but also infuse excellence into the situation so churches can put their best foot forward with first time guests A few simple changes can help your church roll out the welcome mat for your guests

Discipleship that Fits Bobby Harrington, Alex Absalom, 2016-02-09 For far too long the church has tried to make disciples using a one size fits all approach Some churches advocate 1 on 1 discipling others try getting everyone into a small group while still others training through mission trips or service projects Yet others focus all their efforts on attracting people to a large group gathering to hear biblical teaching and preaching But does one size really fit everyone Based on careful biblical study and years of experience making disciples in the local church Bobby Harrington and Alex Absalom have identified five key relationships where discipleship happens in our lives In each relational context we need to understand how discipleship occurs and we need to set appropriate expectations for each context **Discipleship That Fits** shows you the five key ways discipleship occurs It looks at how Jesus made disciples and how disciples were formed in the early church Each of the contexts is necessary at different times and in different ways as a person grows toward maturity in Christ Public Relationships The church gathering corporately for worship Social Relationships Networks of smaller relationships where we engage in mission and live out our faith in community Personal Relationships Small groups of six to sixteen people where we challenge and encourage one another on a regular basis Transparent Relationships Close relationships of three to four where we share intimate details of our lives for accountability The Divine Relationship Our relationship with Jesus Christ where we grow through the empowering presence of the Holy Spirit Filled with examples and stories Alex and Bobby show you how to develop discipleship practices in each relational context by sharing how Jesus did it how the early church practiced it and how churches are discipling people today **The Christian Science Journal**, 2008

web the heat equation is a certain partial differential equation in mathematics and physics it has the form $17 u_t - 2u_{xx} = 1 - 2u_{xx}$ $n \geq 6$ where $x_1, \dots, x_n, t$ denotes a general point of the domain or right side of the equation written in laplacian $u_t - \Delta u = 7$ when study thermal optic effect in nonlinear
