[How Do I Do That In InDesign?](#) Dave Clayton, 2019-10-24. Adobe InDesign is the clear software of choice for designers in desktop publishing and typesetting. With it, designers create professional eye-catching posters, flyers, brochures, magazines, newspapers, presentations, books and eBooks. Because it has so much power and depth, sometimes the things you need are well kinda hidden or not really obvious. There will be a lot of times when you need to get something done in InDesign but you have no idea where Adobe hid that feature or what the secret handshake is to do that thing you need now so you can get back to working. That's why this book was created to get you to the technique, the shortcut or exactly the right setting right now. Here's how it works. When you need to know how to do a particular thing, you turn to the chapter where it would be found, find the thing you need to do, it's easy, each page covers just one single topic and designer and author Dave Clayton tells you exactly how to do it just like he was sitting there beside you using the same casual style as if he were telling a friend. That way you get back to working in InDesign fast. This isn't a book of theory full of confusing jargon and detailed multi-step concepts. This is a book on which button to click, which setting to use and exactly how and when to use it so you're never stuck in InDesign again. This will be your go-to book that sits within reach any time you're working in InDesign and you are going to love having this type of help right at your fingertips.
