

## USHA TAILORING COURSE

Keeping in mind the emerging consciousness of changing fashion trends, Usha International, the renowned company for sewing machines has introduced this course in its schools across the country. This course has been specially designed for those people who have an interest in sewing not only as an outlet for their creative urges but also those who want to supplement the family income and are learning sewing as a means of livelihood. An adept garment maker needs to be creative and imaginative like an artist and at the same time be neat and systematic in his work. Knowledge and understanding of fabric types, color theory, decorative stitching, correct method for measurement taking, economical layout and drafting, updated knowledge of fashion trends etc. is of prime importance for a successful garment constructor and pattern maker. The Usha cutting and tailoring course lays great emphasis on all these basic tenets of garment construction and fashion technology. Detailed instructions have been given for some basic and some fashionable outfits for men, women and children. We firmly believe that after completing this course, any student can become a skillful garment maker.
