Poetry from the Heart Carolyn Crawford, 2016-12-13 This poetry book will keep you wondering what the next poem may contain Will it be about a memory of parents or about another newborn in your extended family What are some of the experiences that make a family bond Most poems are about experiences the author has had with friends or family members However the book also contains thoughts on nature and sacred subjects that are dear to her heart Some poems may make you laugh and they are true experiences Love is felt as many are read Appreciation of the wonders of the world is seen in simple descriptions as she observes and writes about them You will get to know the author personally as you read the section About Me Perhaps some of the poems will trigger memories in your life and help you realize that you too have cause to rejoice of the many special times you have had with your loved ones

Pushed Out Ryanne Pilgeram, 2021-05-11 A small town weighs the economic compromises of growth in the Rocky Mountain West What happens to rural communities when their traditional economic base collapses When new money comes in who gets left behind Pushed Out offers a rich portrait of Dover Idaho whose transformation from thriving timber mill town to economically depressed small town to trendy second home location over the past four decades embodies the story and challenges of many other rural communities Sociologist Ryanne Pilgeram explores the structural forces driving rural gentrification and examines how social and environmental inequality are written onto these landscapes Based on in depth interviews and archival data she grounds this highly readable ethnography in a long view of the region that takes account of geological history settler colonialism and histories of power and exploitation within capitalism Pilgeram's analysis reveals the processes and mechanisms that make such communities vulnerable to gentrification and points the way to a radical justice that prioritizes the economic social and environmental sustainability necessary to restore these communities

We Too Sing America Deepa Iyer, 2017-03-07 Powerful Iyer catalogues the toll that various forms of discrimination have taken and highlights the inspiring ways activists are fighting back She is an ideal chronicler of this experience The Washington Post The nationally renowned racial justice advocate's illumination of the ongoing persecution of a range of American minorities In the lead up to the recent presidential election Donald Trump called for a complete ban on Muslims entering the United States surveillance against mosques and a database for all Muslims living in the country tapping into anti immigrant anti Muslim hysteria to a degree little seen since the targeting of South Asian Arab Muslim and Sikh people in the wake of 9 11 In the American Book Award winning We Too Sing America nationally renowned activist Deepa Iyer shows that this is the latest in a series of recent racial flash points from the 2012 massacre at the Sikh gurdwara in Oak Creek Wisconsin to the violent opposition to the Islamic Center in Murfreesboro Tennessee and to the Park 51 Community Center in Lower Manhattan Iyer asks whether hate crimes should be considered domestic terrorism and explores the role of the state in perpetuating racism through detentions national registration programs police profiling and constant surveillance Reframing the discussion of race in America she reaches into the

complexities of the many cultures that make up South Asia Publishers Weekly and provides ideas from the front lines of post 9 11 America Global Urban Agriculture Antoinette M G A WinklerPrins,2017-05-24 There has been growing attention paid to urban agriculture worldwide because of its role in making cities more environmentally sustainable while also contributing to enhanced food access and social justice This edited volume brings together current research and case studies concerning urban agriculture from both the Global North and the Global South Its objective is to help bridge the long standing divide between discussion of urban agriculture in the Global North and the Global South and to demonstrate that today there are greater areas of overlap than there are differences both theoretically and substantively and that research in either area can help inform research in the other The book covers the nature of urban agriculture and how it supports livelihoods provides ecosystem services and community development It also considers urban agriculture and social capital networks and agro biodiversity conservation Concepts such as sustainability resilience adaptation and community and the value of urban agriculture as a recreational resource are explored It also examines quite fundamentally why people farm in the city and how urban agriculture can contribute to more sustainable cities in both the Global North and the Global South

Opportunities and Challenges for Wild Bee Conservation Kris Braman,Michael D. Ulyshen,2025-01-06 Conserving pollinators in anthropogenic habitats of all descriptions is critically important Often we consider single system dynamics yet pollinators move readily between land uses so diverse pollinator communities in urban forest or orchard settings e g have the potential to benefit neighboring habitats including crops Pollination services provided by insects and other animals are critical to the reproductive success of many plants in a diversity of environments Conserving and maintaining a diverse assemblage of wild bees is essential for healthy and functioning ecosystems In addition improving conditions for pollinators in urban areas is likely to improve the quality of life for human inhabitants and will provide opportunities for children to develop a sense of connection with nature Understanding the biology and ecology of wild bees in diverse settings is the foundation of conservation Therefore understanding the biology and ecology of wild bees and the factors influencing their abundance and diversity across multiple systems to inform conservation efforts is the goal Recent advances find that forests and forest remnants are critically important to global pollinator diversity and can enhance pollinator diversity in adjacent areas including crops This research topic will address the opportunities and challenges for wild bee conservation across diverse land use types *Mass Production of Beneficial Organisms* Juan A. From California's Gold Fields to the Mendocino Coast Samuel M. Otterstrom,2017-05-01 California's history is rich and diverse with numerous fascinating stories hidden in its past Before the discovery of gold in the Sierras San Francisco Yerba Buena and its surroundings comprised a sparsely populated frontier on the edge of the old Spanish realm After 1848 the area rapidly transformed into a settled urban system as a tremendous influx of prospectors and settlers came to seek their fortune in California A wave of gold miners merchants farmers politicians carpenters and many others from various backgrounds and corners of the world migrated to the area at that time Interrelated social geographic and economic processes led to a very quick metamorphosis from frontier settlement to a firmly established system with ingrained economic patterns The development of San Francisco's outlying region from a wilderness into a prosperous village and farming mecca shows how quickly in migration coupled with economic diversification can establish a stable settlement structure upon the landscape Otterstrom describes an intricately woven tapestry of interrelated people who were contributing creators of a wide variety of prosperous northern California environs He uncovers the processes that converted this sleepy post Mexican outpost into a focal point of nearly hyperactive youthful growth The narrative follows this crucial story of settlement development until the dawn of the twentieth century through the interconnected framework of individual and family ingenuity migration trajectories and diverse geographical scales Multiplying individualistic experiences from across far flung appendages of the Northern California system into larger and larger scales Otterstrom has achieved a matchless historical and sociological study that will form the basis for any future studies of the area [Advances in Ungulate Ecology](#) R. Addressing Climate Change at the Community Level in the United States Paul R. Lachapelle, Don E. Albrecht, 2018-12-12

The concept of community in all its diverse definitions and manifestations provides a unique approach to learn more about how groups of individuals and organizations are addressing the challenges posed by climate change. This new volume highlights specific cases of communities developing innovative approaches to climate mitigation and adaptation around the United States. Defining community more comprehensively than just spatial geography to include also communities of interest, identity, and practice, this book highlights how individuals and organizations are addressing the challenges posed by climate change through more resilient social processes, government policies, and sustainable practices. Through close examinations of community efforts across the United States, including agricultural stakeholder engagement and permaculture projects, coastal communities, and prolonged drought areas, and university extension and local governments, this book shows the influence of building individual and institutional capacity toward addressing climate change issues at the community level. It will be useful to community development students, scholars, and practitioners learning to respond to unexpected shocks and address chronic stress associated with climate change and its impacts.

Daily Life in 1950s America Nancy Hendricks, 2019-02-22 Placing the era firmly within the American experience, this reference illuminates what daily life was really like in the 1950s, including for people from the Other America, those outside the prosperous white middle class. *Daily Life in 1950s America* shows that the era was anything but uneventful. Apart from revolutionary changes during the decade itself, it was in the 1950s that the seeds took root for the social turmoil of the 1960s and the technological world of today. The book's interdisciplinary format looks at the domestic, economic, intellectual, material, political, recreational, and religious life of average Americans. Readers can look at sections separately according to their interests or as a classroom assignment, or can read them as an ongoing narrative. By entering the homes of average Americans, far from the corridors of power, we can make sense of the 1950s and see how the headlines of the era translated into their daily lives. This readable and informative book is ideal for anyone interested in this formative decade in American life. Well-researched, factual material is presented in an engaging way, along with lively sidebars to humanize each section. It is unique in blending the history, popular culture, and sociology of American daily life, including those of Americans who were not white, middle class, and prosperous.

Utah Geography Bee 2015: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. Utah Geography Bee 2015 : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover skillfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Utah Geography Bee 2015 : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
