that there were relatively few pertinent records that were still classified Most relevant records were either never classified or were declassified decades before the Act and were already in NARA s custody While this finding aid s coverage is broad it is not comprehensive Researchers may find other relevant series of records within the record groups mentioned or not mentioned Researchers are encouraged to use other finding aids and consult with NARA staff to locate records of interest In addition the National Archives at College Park holds nontextual records such as still photographs and motion pictures that researchers may want to examine Other NARA facilities hold many records and donated material related to World War II including records related to the subjects covered in this finding aid This is particularly true of the Franklin D Roosevelt the Harry S Truman and the Dwight D Think of archives as vast mountain ranges of records with the archivists guiding the expeditions Explorations on familiar well trodden paths produce new perspectives when examined with fresh eyes and imagination
