HP Lovecraft - A History in Horror - Volume 1 H P Lovecraft, 2014-05-08 There are rather few masters of horror writing out of the many who write horror HP Lovecraft along with Edgar Allan Poe have achieved fame because their work is of a continuing standard of excellence that few if any can rival Here we concentrate on HP Lovecraft even the name has a sliver of the night about it Born in 1890 in Providence Rhode Island he was a prodigious youth but a sickly one Raised mainly by his Grandfather and Aunts at 14 he contemplated suicide on the death of his grandfather and the crushing financial blow that that brought to himself and his mother A set of literary spats in a newspaper brought him attention away from his poetry writings But until the last decade of his life the works for which we is so well know did not arrive That last decade writing again in Providence was prolific but with little income his life downgraded rented house by rented house and in 1936 often malnourished he was diagnosed with cancer and succumbed to it the following year The works from his dark pen continue to haunt us The Essays of H. P. Lovecraft H. P. Lovecraft, 2016-09-13 H P Lovecraft was an American author best known for his classic horror fiction Lovecraft was virtually an unknown writer during his short lifetime but he is now considered to be one of the most famous writers in the genre of horror fiction Among Lovecraft s best known works are The Call of Cthulhu At the Mountains of Madness and The Shadow Out of Time This collection includes the following essays Supernatural Horror in Literature Notes on Writing Weird Fiction A History of the Necronomicon Metrical Regularity The Allowable Rhyme The Despised Pastoral At the Root Cats and Dogs *H.P. Lovecraft - The Complete Omnibus Collection - Supplement a* H P. JOHN

LOVECRAFT (FINN J D.), Finn J D John, 2017-10-31 This supplement to the two volume Pulp Lit Omnibus Collection of the work of H P Lovecraft presents all the works of weird fiction which he ghostwrote or on which he collaborated with another author Highlights of this volume include Under the Pyramids with Harry Houdini The Mound with Zealia Bishop Two Black Bottles with Wilfred Blanch Talman The Horror in the Burying Ground with Hazel Heald The Disinterment with Duane W Rimel The Night Ocean with Robert Barlow In the Walls of Eryx with Kenneth J Sterling The Electric Executioner with Adolphe de Castro The Diary of Alonzo Typer with William Lumley And over 20 more Although none of them rise to the level of quality of Lovecraft's own by-lined work the majority of these collaborations are still wonderful stories They have a real contribution to make to the meta story of Lovecraft's creative life and they reveal aspects to Lovecraft's personality and especially his sense of humor that his more serious works seldom allow us to glimpse The reason for this is easily understood When writing or revising a story for another writer Lovecraft was able to fully relax He knew or thought he knew that these stories would not affect his reputation as a literary figure his name was not on them So the terrible tension that dogged him throughout his literary life the tension that kept him in a state of virtual creative paralysis for the last several years of his life fell away like an old cloak and his real style his relaxed chatting with friends style was able to shine through In these collaborative stories we get to see glimpses of Lovecraft's wry humor kindly and benevolent but edged with a gently sardonic erudition We also get to roll in the kind of over the top campiness that one just doesn't see in most of his by-lined stuff after Herbert West Reanimator that is to the point where one wonders if he's secretly engaging in a little self parody One of the reasons Lovecraft's output was so scant was that his almost obsessive perfectionism and severe self criticism kept him diligently polishing and perfecting his own stories long past the point at which it made sense to continue doing so This he could certainly not afford to do in a work for hire job that would pay him only 15 or 20 So in these anonymized stories we get to see Lovecraft's work as it might have appeared in his second or third drafts rough sometimes unsubtle often crammed with all too familiar buzzwords like eldritch and cyclopean yet eminently fundamentally and wonderfully Lovecraftian

H.P. Lovecraft H.P. Lovecraft, Leverett Butts, 2018-06-25 This collection of H P Lovecraft's most influential works presents several of his most famous stories a sampling of his poetry and an abridgment of his monograph Supernatural Horror in Literature with commentary providing background and context Criticism is included from such scholars as S T Joshi and Robert M Price along with essays by writers Brad Strickland and T E D Klein and interviews with Pulitzer nominated author Richard Monaco Parsival and award winning novelists Cherie Priest Boneshaker and Caitlin Kiernan The Drowning Girl
