100 Master Speeches...for the Use of Orators, Students and Teachers, Officers and Members of Clubs, Societies and Organizations, Businesses and Professional Men: Educational addresses William Homer Ames, Paul A. Miller, 1924 **Get Organized!** Frank Buck, 2015-08-14 In today's world we're often overwhelmed by our digital devices, stacks of paper and constant interruptions. *Get Organized* outlines a complete organizational system for the busy school leader. Providing you with simple tools and techniques to bring order and control to your personal and professional life, this book will increase your productivity and decrease your stress. With *Get Organized*, you can spend your time on what matters most: your school and your students. Special Features: Includes easy-to-implement ideas at little or no cost; you can start right away. Each chapter contains practical tips and tools listing exactly what to do in order to implement the strategy. This entirely updated edition provides digital strategies and tips for thriving in the Information Age. [Using Equity Audits in the Classroom to Reach and Teach All Students](#) Kathryn Bell McKenzie, Linda Skrla, 2011-07-14 Raise your equity quotient and learn new strategies for reaching students that will raise achievement for all children, including those with diverse needs. **Illinois Technograph**, 1960 **Good Housekeeping**, 1929 [Resources in Education](#), 1996 **Unity in Diversity: Achieving Structural Race Equity in Schools** Rachel Macfarlane, 2023-06-01 A third of all children in our schools are from racially minoritized backgrounds. Yet the data on attainment, exclusion, progression, and representation indicates that our education system is structurally racist. *Unity in Diversity* explores the unconscious biases at play in our schools and demonstrates how educators can address this by improving representation in the curriculum, staffroom, and on the governing trust board. Drawing on case studies from leaders, this book demonstrates what schools are already doing to create an impactful anti-racist ethos and how these strategies may be applied in practice. Written by an experienced headteacher who has supported a diverse range of schools in improving their race equity, each chapter addresses a different aspect of race inequality and provides practical strategies for overcoming it. This book empowers readers to acknowledge that systemic race inequality exists in schools and that this necessitates an anti-racist approach. To become comfortable talking about race and to create safe spaces for staff and students to engage in discussions about race. To address unconscious biases and white fragility and to examine the inequality and underrepresentation of ethnic groups. To audit all aspects of educational provision to determine what needs to change and to action and implement this change with lasting impact. Schools and teachers can play a major role in eliminating systemic racism in society. This book is an essential read for any teacher, leader, governor, or trustee who is restless to address race inequity in our education system, creating a more equal and represented school community. **The Priority List** David Menasche, 2014-01-14 In this beautiful, heartfelt, and ultimately important story about love, kinship, gratitude, and miracles, Elizabeth Gilbert, 1 New York Times bestselling author, a beloved high school English teacher with terminal brain cancer, undertakes a cross-country journey to reunite with his former students in order to find out
