Dear Valued Sponsor,

Thank you for your sponsorship of our house league soccer program this season! Your funding has been instrumental in helping local youth experience the benefits of organized sport.

We had an excellent soccer season both in terms of weather and player development! Many successes were made on the field: from athletes scoring their first goals to making new friends through fair play and sportsmanship.

Please find enclosed the photograph of the team you sponsored this year as a thank you for your support. We would like to invite your business to sponsor house league soccer for the 2016 season. More details will follow later in the year.

Thank you again for choosing to support the Huntsville Soccer Club,

The Huntsville Soccer Club Executive

The Cyprus Detention Camps Yitzhak Teutsch, 2019-07-23 Beginning in August 1946 stateless and visaless Jews most of them survivors of the Nazi death camps who sought to immigrate to the Land of Israel were intercepted by the Royal Navy and deported to the nearby island of Cyprus where they were detained in camps surrounded by barbed wire Despite occupying a dramatic and fateful position in modern history this saga has remained largely inaccessible due to the widespread dispersal of the primary sources and the linguistic difficulties presented by them To address these problems this book scrutinizes the scholarly literature consulting hundreds of primary sources many of them previously unknown on three continents bringing together interviews with scores of eyewitnesses and translating foreign language terms into English The result is a comprehensive meticulously footnoted guide that uses such tools as maps a detailed timeline and biographical entries to make this riveting saga accessible to a broad audience of scholars and general readers

Scholastic Coach, 1988

The Passion for the Beautiful Game, Soccer Gene Ventriglia, 2022-05-23 Gene Ventriglia was a very poor fourteen year old immigrant when he arrived in New York harbor in early July 1958 Coming from the tiny village of Alife Italy he had grown up in a farm village of about three hundred inhabitants The village as well as his parents house had been leveled by bombs in the final days of World War II In 1958 the memories were still very much alive as postwar reconstruction was far from completion These were the surroundings where Gene Ventriglia grew up Gene had only known his small village and was unaware that common items such as telephones and TV sets even existed One can only imagine his reaction upon seeing the New York skyscrapers and the size and number of cars when he first walked on the New York streets He had no idea how his life would change in the very near future How

would he react He wondered if he would make friends After all how would he communicate He did not know a word of English Gene soon realized that getting a good education was the key to success However he also realized that it would take great efforts and motivation on his part Was he willing to put in the necessary effort He needed to learn a new language in a community where he only heard Italian His search to find that American Dream lasted more than sixty years During this time Gene was faced with one challenge after another in his search for that dream In each case Gene used his passion for the game of soccer to fuel his inner motivation and determination not to give up every time he arrived at a dead end Gene's path to finding that dream was full of surprises In all cases he was very determined and he demonstrated outstanding motivation to achieve his goal

Teenagers, Literacy and School Ken Cruickshank, 2006-09-27 This unique and timely book follows the experiences of four Arabic teenagers their families and their community focusing on the role of literacy in their daily lives and the differences between home and school The author looks at the conflict between expectations and practices at school and in the home arguing that problems are inevitable where class and cultural differences exist Emerging themes include how literacy practices in the community are undergoing rapid change due to global developments in technology how the patterns of written and spoken language in English and Arabic in the home are linked with social practices in logical and coherent ways how many of the family practices that differ from school culture and language become marginalised Built around these insightful case studies yet grounded in theory this book is of immediate relevance to teachers working in multicultural contexts and students and lecturers in language literacy or on TESOL courses

The Hidden Summer Gin Phillips, 2013-06-13 After a falling out between their mothers 13 year old best friends Nell and Lydia are forbidden from seeing each other for the whole summer Nell struggles with the thought of not only losing her best friend but also losing the only person in whom Nell finds refuge from the difficulties she faces at home Determined to find a place of their own Nell and Lydia spend the summer hiding out in an abandoned golf course where Nell and Lydia find mysterious symbols scattered throughout the grounds As they reveal the secret of the symbols Nell discovers she isn't the only one seeking haven and begins to uncover what's really been hidden all along finally allowing herself to be truly seen Hidden Summer is a quietly beautiful coming of age story about self discovery family and friendship An elegantly written children's book debut from an award winning author in the vein of *A Tree Grows in Brooklyn* and for fans of *Moon Over Manifest*

In Haig's Shadow Gary Sheffield, 2019-12-27 This collection of correspondence and newly discovered family papers is a good read for anyone interested in WWI or the British Army The NYMAS Review Hugo De Pree was the nephew of the better known Field Marshal Sir Douglas Haig However De Pree had a distinguished military career in his own right He served in the Boer War He was sent to the Western Front as Chief of Staff of IV Corps and played a key part in planning the Battle of Cambrai in 1917 In 1918 De Pree was appointed to command 189 Brigade in 63rd Royal Naval Division His part in the March Retreat showed that he was not a chateau general In August 1918 he took the morally courageous decision to cancel his Brigade's attack

fearing heavy losses for little gain He was sacked but after appealing was appointed to command a brigade of 38th Welsh Division which he commanded with distinction in the last weeks of the war Afterward De Pree rose to Major General and was the Commandant at RMA Woolwich His son John was killed in 1942 when attempting to escape from a POW camp in Germany a story told in this book by one of the leading academics in the field which combines De Pree and Haig family papers with incisive commentary to give a multi faceted insight into both an important but obscure senior officer of the First World War and his hugely famous uncle *New York Magazine* ,1988-02-08 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

Summary of the summary book of Love Letter for Luna The summaries in the book of summaries reads a bit like a short version of the letter It is meant both as a little teaser to evoke interest in the new world philosophy of the crazy theological scientist And reference Locus Synopsis What is theological science pray tell Do we need religion some ask And maybe there is an answer Something like a species that knows little about the universe and is becoming conscious of knowing they will freak out and make up some stories to feel safer at night So religion is likened unto a safety blanket Then we start to understand the cosmos We are in it and of it Can we know it all not likely But we can take more control of the planet we still depend on and the rest of the solar system Why Mostly because we can And thus we must In the Torah it was asked what if they should take from the tree of knowledge and become like us What s the answer They will know and no longer need believe No longer be ruled so easily by lies And the beautiful question from such an old book What if they take from the tree of life and live forever And there are two other questions that one will come upon when sitting long enough around the campfire and looking into the heavens Is there anything out there that can kill us Are there any resources to be had Once asked we have no choice For we know We are just getting started In the beginning are our stories
