

## New Employee Welcome Email Template

Dear Staff,

We are really excited to welcome our newest recruit, Jane Doe! Jane is joining ABC Tech to fill our open position in the sales department. Her first day is April 1, 2019.

Jane has worked for five years in the sales field for two different employers so far. She is excited about our new approach that involves her early involvement in product development, something she believes will take us to the next level.

We are so excited to welcome her to the ABC Tech family. If you see Jane in the building, be sure to welcome her; I've attached her picture so you can recognize and greet her!

For the first few weeks, Jane will be participating in the company's onboarding process. Her new employee mentor is Sam Smith, so if you have questions or need to meet with Jane, make sure to speak with Sam first.

She has a lot to share with her new coworkers as she loves going to the beach, trying new recipes and watching *Game of Thrones*. Chat with her about any of these fun topics during lunch!

Thanks for joining me in welcoming Jane to the ABC Tech family!

Regards,

Rory Gilmore  
Department Manager

Forward-Looking Practices to Onboard Generation Z at Entry-Level Dr. Assefa Belay Wondim, 2024-12-12

Forward Looking Practices to Onboard Generation Z at Entry Level depicts the doctoral study of Dr. Assefa Belay Wondim conducted at Capella University. The doctoral study is about the identification of a set of forward-looking practices to effectively onboard Gen Z new employees at the entry level as viewed by a nationwide panel of human resource policy experts and the determination of the extent to which there was a consensus of opinion among these experts as to the desirability, feasibility, and importance of these practices. The outcome and findings of the project could have significance for practitioners and business organizations engaged in onboarding Gen Zs as well as for the body of knowledge in the field of HRM. The project findings could serve as a blueprint on how to manage the talent of Gen Zs by understanding and aligning the work needs, values, and expectations of Gen Zs for onboarding with organizational onboarding practices. The talent management of Gen Z might, through effective onboarding practices, contribute to a reduction in employee turnover, which in turn could result in onboarding cost reduction and an increase in productivity for the organization. Although the doctoral study findings primarily relate to the IT industry, the project outcomes could also be applied to other business organizations to minimize employee turnover, reduce onboarding costs, and increase new hires' productivity. The utility of the consensus-based desirable and feasible solutions may go beyond onboarding Gen Z new employees. The experts have expressed their 100% confidence in the utility of the consensus-based desirable and feasible solutions for onboarding new employees across generations.
