Driving Customer Equity Valarie A. Zeithaml, Katherine N Lemon, Roland T Rust, 2001-02-21 In their efforts to become more customer focused companies everywhere find themselves entangled in outmoded systems metrics and strategies rooted in their product centered view of the world Now to ease this shift to a customer focus marketing strategy experts Roland T Rust Valarie A Zeithaml and Katherine N Lemon have created a dynamic new model they call Customer Equity a strategic framework designed to maximize every firm s most important asset the total lifetime value of its customer base The authors Customer Equity Framework yields powerful insights that will help any business increase the value of its customer base Rust Zeithaml and Lemon introduce the three drivers of customer equity Value Equity Brand Equity and Retention Equity and explain in clear nontechnical language how managers can base their strategies on one or a combination of these drivers The authors demonstrate in this breakthrough book how managers can build and employ competitive metrics that reveal their company s Customer Equity relative to their competitors Based on these metrics they show how managers can determine which drivers are most important in their industry how they can make efficient strategic trade offs between expenditures on these drivers and how to project a financial return from these expenditures The final section devotes two chapters to the Customer Pyramid an approach that segments customers based on their long term profitability and an especially important chapter examines the Internet as the ultimate Customer Equity tool Here the authors show how companies such as Intuit com Schwab com and Priceline com have used more than one or all three drivers to increase Customer Equity In this age of one to one marketing understanding how to drive Customer Equity is central to the success of any firm In particular Driving Customer Equity will be essential reading for any marketing manager and for that matter any manager concerned with growing the value of the firm s customer base

Web Site Design is Communication Design Thea van der Geest, 2001-01-01 Web Site Design is Communication Design is written for practitioners trainers and students of Communication Business Information Science and Media Design This book is based on a series of case studies of the web site design processes in smaller and larger organizations including Amazon and Microsoft It offers a well researched reflective and thorough analysis of the activities undertaken in combination with practical real life experiences of web site designers and producers It pays attention to the often complicated organizational context that web designers and producers have to work in while they serve both bosses and target groups to their best intents The importance of careful evaluation is stressed
