The book is organized according to the five senses sight hearing smell taste and touch Listed under each specific sense are various objects and practices that we experience in church with a page of description definition background and meditative comments and a scriptural reference Each chapter showcases a relevant photograph and ends with a pertinent quote or poetic verse so that the sacred objects are revealed and revered Together the pages quickly explain and show each object with its beauty meaning and purpose within the sacred space Teaching the Rite of Christian Initiation for Adults RCIA and Religious Education programs for adults and youths I discovered students of the Catholic faith must know the truth about the smells and bells of the Catholic Church and their spiritual significance Yet I have known Catholics who do not fully understand why we have statues fonts tabernacle ringing bells burning candles swirling incense and more Sacred Senses in Sacred Space is an excellent devotional and educational experience for use in RCIA and Religious Education programs book clubs and for inquisitive audiences
