

A romantic couple embracing in a kitchen. The man, with dark hair and a white shirt, is smiling and holding the woman from behind. The woman, with long brown hair and a purple dress, is looking up at him with a smile. They are standing in front of a kitchen counter with a tiled backsplash. A green bottle and a glass of red wine are visible on the counter to the right.

Natural Aristocracy Kevin Railey, 2012-06-04 Railey uses a materialist critical approach to argue that Faulkner's obsession with history and his struggle with specific ideologies affecting southern society and his family guided his development as an artist Faulkner may have written himself into history in a way that satisfied the image he had of himself as a natural artistic aristocrat

Queer Bergman Daniel Humphrey, 2013-03-15 One of the twentieth century's most important filmmakers indeed one of its most important and influential artists Ingmar Bergman and his films have been examined from almost every possible perspective including their remarkable portrayals of women and their searing dramatizations of gender dynamics Curiously however especially considering the Swedish filmmaker's numerous and intriguing comments on the subject no study has focused on the undeniably queer characteristics present throughout this nominally straight auteur's body of work indeed they have barely been noted Queer Bergman makes a bold and convincing argument that Ingmar Bergman's work can best be thought of as profoundly queer in nature Using persuasive historical evidence including Bergman's own on the record though stubbornly ignored remarks alluding to his own homosexual identifications as well as the discourse of queer theory Daniel Humphrey brings into focus the director's radical denunciation of heteronormative values his savage and darkly humorous deconstructions of gender roles and his work's trenchant if also deeply conflicted attacks on homophobically constructed forms of patriarchal authority Adding an important chapter to the current discourse on GLBT queer historiography Humphrey also explores the unaddressed historical connections between post World War II American queer culture and a concurrently vibrant European art cinema proving that particular interrelationship to be as profound as the better documented associations between gay men and Hollywood musicals queer spectators and the horror film lesbians and gothic fiction and others

Beyond the World of Apu John W. Hood, 2008 In this new work John W Hood makes a thoroughly informed critique of all twenty nine feature films of Satyajit Ray Structured along themes which the author has identified in Ray's movies this reassessment analyses each film on the basis of its individual merits and lapses Having taken us through the two ends of the spectrum of excellence and mediocrity that comprise Ray's work Hood concludes his incisive study by affirming that what makes Ray ascend into the realms of the great is his profound sense of humanity A highly accessible work on arguably the finest filmmaker India has ever produced this book will engage not only serious readers of cinematic texts but also be a valuable leaning resource for students of film studies all over the world
