the promotion of social justice in education for immigrants and refugees *A Century of Geography at Stellenbosch University 1920-2020* Gustav Visser, Jan de Waal, 2020-09-28 *A Century of Geography at Stellenbosch University 1920-2020* focuses on the establishment and development of geography as an academic discipline at Stellenbosch University, South Africa. It founding geography department. The ways in which the department currently operates are deemed fundamentally joined to its past and pave the way for the evolution of geography and its various subdisciplines going forward. The investigation seeks to highlight the development of the discipline and its institutionalisation as part of the academic offerings of the university while providing details about the teaching and research conducted as well as of the people who contributed to these endeavours. It also furnishes the academic geography community at Stellenbosch and geography more broadly with some insights into its past development and more recent changes along with a complete bibliography of conducted research.

Understanding the Higher Education Market in Africa Emmanuel Mogaji, Felix Maringe, Robert Ebo Hinson, 2020-03-06 This book offers theoretical and practical insights into the marketing of higher education in Africa. It explores the key players, challenges and policies affecting higher education across the continent, their marketing strategies and the students' selection process. While acknowledging the vast size of the continent, this book aims to provide an understanding of the dynamics of higher education in Africa. This book recognises the private and government involvement in higher education provision and students and staff as stakeholders in the marketisation process. Strategic efforts are directed by universities to attract prospective students. This book further addresses issues such as the responses of higher education sectors to the notion of markets and marketing, consumerism and competition in higher education in Africa, conceptions of the commodification of higher education in Africa and the dominance of Western epistemologies and their influence in transforming higher education sectors. Students as consumers in increasingly marketised higher education sectors in Africa are also discussed. Though primarily for marketing students and academic researchers, the book's feature of blended theoretical and practical knowledge means that it will also be of interest to marketing practitioners and university managers. **The Routledge**

Handbook of English-Medium Instruction in Higher Education Kingsley Bolton, Werner Botha, Benedict Lin, 2024-03-21 This Handbook discusses the theoretical and disciplinary background to the study of English medium instruction (EMI) in higher education worldwide. It highlights issues relating to EMI pedagogy, varying motivations for EMI education and the delivery of EMI in diverse contexts across the world. The spread of English as a teaching medium and the lingua franca of the academic world has been the subject of various debates in recent years on the perceived hegemony of the English language and the domain loss of non-English languages in academic communication. Encompassing a wide range of contributions to the field of EMI, the chapters of this Handbook are arranged in four distinct parts. Part I provides an overview of English medium instruction in higher education worldwide. Part II focusses on EMI in Europe. Part III on EMI in the Middle East, North Africa and Sub-Saharan Africa and Part IV on EMI in the Asian region. The overall scope and level of expertise of this Handbook

ECSM2016-Proceedings of the 3rd European Conference on Social Media Christine Bernadas, Delphine

Minchella, 2016-06-21 *The Rise of English* Rosemary Salomone, Rosemary C. Salomone, 2022 A sweeping account of the global rise of English and the high stakes politics of language Spoken by a quarter of the world s population English is today s lingua franca its common tongue The language of business popular media and international politics English has become commodified for its economic value and increasingly detached from any particular nation This meteoric rise of English has many obvious benefits to communication Tourists can travel abroad with greater ease Political leaders can directly engage their counterparts Researchers can collaborate with foreign colleagues Business interests can flourish in the global economy But the rise of English has very real downsides as well In Europe imperatives of political integration and job mobility compete with pride in national language and heritage In the United States and England English isolates us from the cultural and economic benefits of speaking other languages And in countries like India South Africa Morocco and Rwanda it has stratified society along lines of English proficiency In *The Rise of English* Rosemary Salomone offers a commanding view of the unprecedented spread of English and the far reaching effects it has on global and local politics economics media education and business From the inner workings of the European Union to linguistic battles over influence in Africa Salomone draws on a wealth of research to tell the complex story of English and ultimately to argue for English not as a force for domination but as a core component of multilingualism and the transcendence of linguistic and cultural borders

Intellectual Decolonisation George Hull, 2024-10-18 This book puts contemporary calls for decolonisation in context Featuring an interdisciplinary team of scholars from around the world the book explores and critically assesses the diverse theoretical visions which inform calls for decolonisation of the mind today Contemporary calls to decolonise focus less on politico economic relations between states more on culture and ideas Sometimes museums are the target sometimes universities or academic disciplines sometimes entire legal systems Commentators and activists speak out for others against intellectual decolonisation decolonisation of the mind But what is the colonisation which intellectual decolonisation undoes Under what circumstances can inculcation or acceptance of ideas constitute colonialism As this book demonstrates advocates of intellectual decolonisation give very different indeed incompatible answers to these questions Critically examining conceptualisations of decolonisation spanning a century and four continents the book explores what is at stake in the choice between these theoretical alternatives Some see the aim of decolonisation as truth via the removal of distorting effects of power and bias Others troublingly subordinate truth and knowledge to ethnic or regional identity potentially paving the way
