South African Defence Force Forms For 2015

David Boucher, Bongani Ngqulunga

South African Defence Force Forms For 2015:

The Handbook of African Defence and Armed Forces Evert Kleynhans, Marco Wyss, 2025-03-01 The Handbook of African Defence and Armed Forces provides the first in depth and multifaceted analysis of the evolution and current state of national defence policies strategies doctrines capabilities security challenges and strategic responses of African states and their armed forces Geographically these aspects are investigated at the national sub regional and regional levels Chronologically they are analysed against the backdrop of the superpower withdrawal from the continent in the 1990s and the so called New Scramble for Africa which has seen a crescendo of renewed great power interest in the continent s resources as well as its strategic role location and relevance since the 2000s The book takes a bottom up and African centric approach and is organized around five key themes i the differing security outlooks and defence policies of African powers within the region and the different sub regions ii the strategies doctrines transformation and employment of African armed forces iii the relationship between African armed forces with sub regional regional and international organizations iv the challenges that African states and their armed forces have been facing and their strategic responses and v the position of African perspectives and agency in the context of continental and international security and defence Understanding African security and defence especially in terms of each individual nation s ability to contribute to peacekeeping operations counterterrorism border security and internal security requires a focus on the national level of armed forces and defence policies this in turns sheds light on sub regional and regional divergences challenges and cooperation Based on this framework the chapters in this volume offer comprehensive African perspectives on African and international security and defence and in doing so show the agency of the continent s countries and armed forces in International Security and Relations **‘Africa Forms the Key’** Suryakanthie Chetty, 2021-01-04 This book examines the work of prominent South African geologist Alex Du Toit as a means of understanding the debate around continental drift both in segregation era South Africa and internationally It contextualises Du Toit s work within a particularly formative period of South African science from the paleoanthropological discoveries that sparked debates about the origins of humankind to Jan Smuts own theory of holism Beyond South African scientific discoveries the book sets Du Toit s work against a backdrop of ideological struggles over space both domestically in terms of segregation and nationalism as well as internationally as South Africa sought to assert its position within the Commonwealth These debates were embodied by Du Toit s work on the theory of continental drift which put Africa and South Africa at the centre geologically and geographically The author also focuses on the divisions in geology caused by drift theory tracing the vigorous intellectual debate and dissent indicative of the ideological milieu within which scientific thought is constructed It traces the history of continental drift from its inception in the nineteenth century and later work of Alfred Wegener which was both elaborated upon and substantiated by Du Toit The study further focuses on Du Toit s research on continental drift in South African and South America and the geological fossil and climatological evidence used to bolster this

theory **Private Military and Security Contractors** Gary Schaub, Jr., Ryan Kelty, 2016-06-16 In *Private Military and Security Contractors* PMSCs a multinational team of scholars and experts address a developing phenomenon controlling the use of privatized force by states in international politics Robust analyses of the evolving multi layered tapestry of formal and informal mechanisms of control address the microfoundations of the market such as the social and role identities of contract employees their acceptance by military personnel and potential tensions between them The extent and willingness of key states South Africa the United States Canada the United Kingdom and Israel to monitor and enforce discipline to structure their contractual relations with PMSCs on land and at sea is examined as is the ability of the industry to regulate itself Also discussed is the nascent international legal regime to reinforce state and industry efforts to encourage effective practices punish inappropriate behavior and shape the market to minimize the hazards of loosening states oligopolistic control over the means of legitimate organized violence The volume presents a theoretically informed synthesis of micro and macro levels of analysis offering new insights into the challenges of controlling the agents of organized violence used by states for scholars and practitioners alike Researching the Military Helena Carreiras, Celso Castro, Sabina Frederic, 2016-03-02 *Researching the Military* focuses on the experiences of researchers who study the military around the world It explores the historical social institutional and personal factors that frame research and scrutinize the way knowledge in this area impacts society and policy More than merely analyzing research experiences yet necessarily including them it is also about the experiences of researchers their position with regard to the object of their studies the institutional context where they work and the way their research impacts the academic and policy making fields in the respective countries The common theme to the various chapters is reflexivity a conscious effort at addressing the conditions of research and the position of the researcher and the research participants in that interface By collecting diverse experiences of researchers from across the world this volume aims to enhance reflexivity in the field of military studies and to encourage the exchange of knowledge between the academic field and the military arena This book will be of much interest to students of military studies research methods sociology social anthropology and security studies in general **Handbook of the Sociology of the Military** Giuseppe Caforio, Marina Nuciari, 2018-05-19 This new edition of the volume is presented on the wave of the success which had its first edition 2003 It is entirely updated to the current situation of the disciplines covered and expanded with particular regard to the new missions that have become the main challenge for the armed forces in these first decades of the new millennium with new insights to technological development toward so called cyborg warriors new forms of leadership and changes in soldier s identity and organisational culture It is compiled of documents coming from various researchers at universities around the world as well as military officers devoted to the sector of study Covered in this volume is a historical excursus of studies prior to contemporary research interpretive models and theoretical approaches developed specifically for this topic civic military relations including issues surrounding democratic control of the armed forces military culture professional

training conditions and problems of minorities in the armed forces an examination of the structural change within the military over the years including new duties and functions following the Cold War

Defence Diplomacy and National Security Strategy Ian Liebenberg, Dirk Kruijt, Shrikant Paranjpe, 2020-04-20 The post cold war era presented security challenges that at one level are a continuation of the cold war era at another level these phenomena manifested in new forms Whether the issues of economics and trade transfer of technologies challenges of intervention or humanitarian crisis the countries of the South previously pejoratively labelled Third World or developing countries have continued to address these challenges within the framework of their capabilities and concerns The volume explores defence diplomacies national security challenges and strategies dynamics of diplomatic manoeuvres and strategic resource management of Latin American southern African and Asian countries

Military Psychology for Africa Gideon AJ van Dyk, 2016-03-17 Military Psychology for Africa is the first textbook of its kind from Africa Selected authors with competent military psychology knowledge skills expertise and experience each contributed a chapter to this unique book The book empowers academics students and military fellows to apply this knowledge at academic institutions and military units during operations and in presenting short courses The book will also equip soldiers with new knowledge for advancing peace on the continent and abroad

Netherlands Annual Review of Military Studies 2017 Paul A.L. Ducheine, Frans P.B. Osinga, 2017-07-14 With a foreword by Major General Nico Geerts Commander Netherlands Defence Academy Breda The Netherlands International conflict resolution increasingly involves the use of non military power and non kinetic capabilities alongside military capabilities in the face of hybrid threats In this book counter measures to those threats are addressed by academics with both practical and theoretical experience and knowledge providing strategic and operational insights into non kinetic conflict resolution and on the use of power to influence affect deter or coerce states and non state actors This volume in the NL ARMS series deals with the non kinetic capabilities to address international crises and conflicts and as always views matters from a global perspective Included are chapters on the promise practice and challenges of non kinetic instruments of power the instrumentality of soft power information as a power instrument and manoeuvring in the information environment Russia s use of deception and misinformation in conflict applying counter marketing techniques to fight ISIL using statistics to profile terrorists and employing tools such as Actor and Audience Analysis Such diverse subjects as lawfare the Law of Armed Conflict rules for non kinetic cyber attacks navigation warfare GPS spoofing maritime interception operations and finally as a prerequisite innovative ways for intelligence collection in UN Peacekeeping in Mali come up for discussion The book will provide both professionals such as foreign policy makers and those active in the military services academics at a master level and those with an interest in military law and the law of armed conflict with useful and up to date insights into the wide range of subjects that are contained within it Paul A L Ducheine and Frans P B Osinga are General Officers and full professors at the Faculty of Military Sciences of the Netherlands Defence Academy in Breda The Netherlands Specific to this

volume in the Series Written by academics with both practical and theoretical experience Addresses counter measures to hybrid crises Offers both strategic and operational insights to non kinetic conflict resolution *The World Factbook 2016-17* Government Publications Office,2016-08-18 The World Factbook provides information on the history people government economy geography communications transportation military and transnational issues for 267 world entities The World Factbook Reference tab includes maps of the major world regions as well as Flags of the World a Physical Map of the World a Political Map of the World a World Oceans map and a Standard Time Zones of the World map This annual edition also covers information about country profiles and country comparisons It would make an excellent and useful resource for world geography research papers and international relations classes that may study the people history and communication patterns of other countries

Special Operations Success James D. Kiras,2024-10-24 Special Operations Success establishes a new benchmark in military theory in this deeply analytic and innovative work It answers several pressing questions How successful have American special operations been over the past quarter century Are special forces fated to cycles of expansion and misuse Will special forces invariably exceed the authorities granted to them because of they are Is a general theory of special operations feasible given the range of activities and conditions that fall under the category Kiras work is based on two decades of practical teaching and consulting experience within different special operations communities and its analysis and conclusions are designed to inform practitioners policymakers educators and the general public The book develops a framework in the form of a theory comprising capabilities and control for the comprehensively evaluating special operations success and is divided into three parts Part I lays the foundation for a general theory of special operations Part II explores the two component parts of theory capabilities and control and Part III uses various aspects of the theory depending on available information to assess the success of special operations over a twenty year period in the United Kingdom South Africa and the United States

Contemporary Issues in South African Military Psychology Nicole Dodd,Petrus C. Bester,Justin van der Merwe,2020-05-13 Contemporary Issues in South African Military Psychology is a well timed extremely thought provoking imperative particular to the African context and deals with a highly contemporary issue within the people management and the management studies fields specifically in the military field and context This is specifically of importance as military psychology is a behavioural science that combines theory and practical application Prof Karel Stanz University of Pretoria

Counter-Insurgency in Nigeria Akali Omeni,2017-09-08 This book offers a detailed examination of the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017 Based on extensive fieldwork conducted with military units in Nigeria Counter Insurgency in Nigeria has two main aims First it seeks to provide an understanding of the Nigerian military s internal role a role that today as a result of internal threats pivots towards counter insurgency The book illustrates how organizational culture historical experience institutions and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the

past The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents specifically plans and operations between June 2011 and April 2017 Within this second theme emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram and this book aims to disperse that veil of secrecy Furthermore the work s analysis of the air force s role in counter insurgency is unprecedented within the literature on military warfare in Nigeria This book will be of great interest to students of military studies counter insurgency counter terrorism African politics and security studies in general

Reappraising the Life and Legacy of Jan C. Smuts David Boucher, Bongani Ngqulunga, 2024-08-01 In this book the authors cover both familiar and unfamiliar themes One of the principal themes running throughout the book addresses head on the deficiency in the literature highlighted by Saul Dubow namely the question of racism and Smuts s reluctance to implement native policies that may have averted future problems rather than postpone them We see throughout a gap between the rhetoric and policy and between policy and practice in its implementation Amongst the familiar themes that are reappraised are Smuts s successes and failures in policies and leadership domestically and internationally This wide ranging volume re evaluates myriad aspects of Smuts life philosophy political career and legacy An important and timely book exploring one of South Africa s most consequential and controversial leaders Luc Andre Brunet Contemporary International History The Open University The book is a great contribution to South African cultural and social history With the military element covered in other publications the editors and authors have focussed on the less well trodden aspects of Smuts s history including but not limited to discussions on the atomic bomb counter revolution film early cabinets racialism trusteeship greatness political philosophy racial segregation and myth making The editors have skilfully continued the longer political discussion reflecting on the myth and legacy of a prominent South African Smuts Antonio Garcia Stellenbosch University coauthor of *Botha Smuts and the First World War* co founder *Underground Strategy* **Intra-Africa Migrations** Innocent Moyo, Jussi P.

Laine, Christopher Changwe Nshimbi, 2021-02-21 This book discusses regional and continental integration in Africa by examining the management of migration across the continent It examines borders and securitisation of migration and the challenges and opportunities that arise out of reconfigured continental demographics The book offers insights on intra Africa migrations and highlights how intra continental migration creates socio economic and cultural borders It explores how these borders beyond the physical boundaries of states including the Berlin Conference constructed borders create cultural divides challenges for economic integration and cross border security and irregular migration patterns While the movement of economic goods is valued for regional economic integration the mobility of people is seen as a threat This approach to migration contradicts the intentions of true integration and development and triggers negative responses such as xenophobia that cannot be addressed by simply managing the physical border and allowing free movement This book engages in a pivotal

discussion of these issues which are hitherto missing in African border studies by demonstrating the ubiquity and overreaching influence of various kinds of borders on the African continent With multidisciplinary contributions that provide an in depth understanding of intra Africa migrations and strategies for enhanced migration management this book will be a useful resource for scholars and students studying geography politics security studies development studies African studies and sociology

The Statesman's Yearbook 2016 Nick Heath-Brown,2017-02-07 Now in its 152nd edition The Statesman's Yearbook continues to be the reference work of choice for accurate and reliable information on every country in the world Covering political economic social and cultural aspects the Yearbook is also available online for subscribing institutions www.statesmanyearbook.com

The SAGE Handbook of Clinical Neuropsychology Gregory J. Boyle,Yaakov Stern,Dan J. Stein,Barbara J. Sahakian,Charles J. Golden,Tatia Mei-Chun Lee,Shen-Hsing Annabel Chen,2023-05-24 Clinical Neuropsychology is a vast and varied field that focuses on the treatment assessment and diagnosis of a range of cognitive disorders through a study and understanding of neuroanatomy and the relationship between the brain and human behavior This handbook focuses on specific Neuropsychological disorders It covers each of the classification systems involved before moving on to specific types of disorders from neurodevelopmental to neuropathological as well as brain injuries trauma and neurodegenerative disorders This handbook not only provides an in depth overview of these Neuropsychological disorders but also explores the history of the field as well its global challenges The handbook is an essential tool for clinicians and scientists as well as postgraduate students and researchers in a range of disciplines exploring the area

PART I BACKGROUND CONSIDERATIONS PART II NEURODEVELOPMENTAL DISORDERS PART III NEUROLOGICAL DISORDERS PART IV NEUROCOGNITIVE DISORDERS PART V TRAUMATIC BRAIN INJURY PART VI PSYCHIATRIC DISORDERS

The World Factbook ,2016

The Handbook of Security Martin Gill,2022-06-22 The substantially revised third edition of The Handbook of Security provides the most comprehensive analysis of scholarly security debates and issues to date It reflects the developments in security technology the convergence of the cyber and security worlds and the fact that security management has become even more business focused It covers newer topics like terrorism violence and cybercrime through various offence types such as commercial robbery and bribery This handbook comprises mostly brand new chapters and a few thoroughly revised chapters with discussions of the impact of the pandemic It includes contributions from some of the world's leading scholars from an even broader geographic scale to critique the way security is provided and managed It speaks to professionals working in security and students studying security related courses Chapter 5 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com

General Jan Smuts And his First World War in Africa (1914-19-17) David Brock Katz,2022-08-24 An engaging well written and meticulously researched military biography Tim Stapleton Professor Department of History University of Calgary Jan Smuts grabbed the opportunity to realise his ambition of a Greater South Africa when the First World War ushered in a final scramble for Africa

He set his sights firmly northward upon the German colonies of South West Africa and East Africa. Smuts's abilities as a general have been much denigrated by his contemporaries and later historians but he was no armchair soldier. He first learned his soldier's craft under General Koos de la Rey and General Louis Botha during the South African War 1899-1902. He emerged from that conflict immersed in Boer manoeuvre doctrine. After forming the Union Defence Force in 1912, Smuts played an integral part in the German South West African campaign in 1915. Placed in command of the Allied forces in East Africa in 1916, he led a mixed bag of South Africans and imperial troops against the legendary Paul von Lettow Vorbeck and his Schutztruppen. His penchant for manoeuvre warfare and mounted infantry freed most of the vast German territory from Lettow Vorbeck's grip. General Jan Smuts and his First World War in Africa provides a long overdue reassessment of Smuts's generalship and his role in furthering the strategic aims of South Africa and the British Empire during this era. **The Oxford Handbook of Late Colonial Insurgencies and Counter-Insurgencies** Martin Thomas, Gareth Curless, 2023. Beginning with Britain's 1948 declaration of a Malayan Emergency and ending with the 1973 withdrawal of US ground troops from Vietnam, this Handbook connects ideas about contested decolonization and the insurgencies that inspired it with an analysis of patterns and singularities in the conflicts that precipitated the collapse of overseas empires.
