understood by C S Lewis and Joseph Campbell and its place in the Christian faith in a technological society C S Lewis defined Christianity and being truly human as a relationship between the personal Creator and his creation mediated through faith in his son Jesus The influential writer and mythologist Joseph Campbell had a different perspective understanding Christianity as composed of mythical themes similar to those in other religious and secular myths While accepting certain portions of the biblical record as historical Campbell taught the theological and miraculous aspects as symbolic as stories in which the reader discovers what it means to be human today In contrast Lewis presented the theological and the miraculous in a literal way Although Lewis understood how one could see symbolism and lessons for life in miraculous events he believed they were more than symbolic and indeed took place in human history In *True Myth* James W Menzies skilfully balances the two writers differing approaches to guide the reader through a complex interaction of myth with philosophy media ethics history literature art music and religion in a contemporary world

The Black Female Body in American Literature and Art Caroline Brown, 2013-02-28 This book examines how African American writers and visual artists interweave icon and inscription in order to re present the black female body traditionally rendered alien and inarticulate within Western discursive and visual systems Brown considers how the writings of Toni Morrison Gayl Jones Paule Marshall Edwidge Danticat Jamaica Kincaid Andrea Lee Gloria Naylor and Martha Southgate are bound to such contemporary postmodern visual artists as Lorna Simpson Carrie Mae Weems Kara Walker Betye Saar and Faith Ringgold While the artists and authors rely on radically different media photos collage video and assembled objects as opposed to words and rhythm both sets of intellectual activists insist on the primacy of the black aesthetic Both assert artistic agency and cultural continuity in the face of the oppression social transformation and cultural multiplicity of the late twentieth and early twenty first centuries This book examines how African American performative practices mediate the tension between the ostensibly de racialized body politic and the hyper racialized black female body reimagining the cultural and political ground that guides various articulations of American national belonging Brown shows how and why black women writers and artists matter as agents of change how and why the form and content of their works must be recognized and reconsidered in the increasingly frenzied arena of cultural production and political debate

Railroading Religion David Walker, 2019-08-13 Railroads tourism and government bureaucracy combined to create modern religion in the American West argues David Walker in this innovative study of Mormonism s ascendancy in the railroad era The center of his story is Corinne Utah an end of the track hell on wheels railroad town founded by anti Mormon businessmen In the disputes over this town s frontier survival Walker discovers intense efforts by a variety of theological political and economic interest groups to challenge or secure Mormonism s standing in the West Though Corinne s founders

hoped to leverage industrial capital to overthrow Mormon theocracy the town became the site of a very different dream Economic and political victory in the West required the production of knowledge about different religious groups settling in its lands As ordinary Americans advanced their own theories about Mormondom they contributed to the rise of religion itself as a category of popular and scholarly imagination At the same time new and advantageous railroad related alliances catalyzed LDS Church officials to build increasingly dynamic religious institutions Through scrupulous research and wide ranging theoretical engagement Walker shows that western railroads did not eradicate or diminish Mormon power To the contrary railroad promoters helped establish Mormonism as a normative American religion **Baptist Commonwealth**
